## **Comprehensive Annual Financial Report: (CAFR)**

The Comprehensive Annual Financial Report (“CAFR”) of Oak Ridge Schools (the “Schools”) for the year ended June 30, 2017, is submitted herewith. This report was prepared by the Schools’ Business Services Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with Oak Ridge Schools. Oak Ridge Schools believe the data, as it is presented and has been submitted to the independent auditing firm, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial activity of all various funds; and that it contains all disclosures necessary to enable the reader to gain a complete understanding of the Schools’ financial activities. This report includes all funds of the Schools and discusses in greater detail its financial position in the narrative to follow, the introduction, and the additional analysis sections of the analysis that cover the Schools’ financial operating procedures, in addition to the financial highlights.

The CAFR for the year ended June 30, 2017, is presented in accordance with the reporting model adopted by the Governmental Accounting Standards Board (“GASB”) Statement No. 34, Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments issued in June 1999. The presentation of the CAFR includes: The Oak Ridge Schools’ department-wide financial statements, fund financial statements, notes to the financial statements and required supplementary information. An additional section in the CAFR is the introductory section which includes this transmittal letter, the Schools’ organizational chart and a list of principal officials and how corresponding departments are organized to be financially efficient for the betterment of educating our students.

All combined and individual fund statements and schedules as required by law, for all major funds are included, along with required schedules as required by the Tennessee Comptroller of the Treasury. The statistics provided within were selected from all financial and demographic information, generally presented on a multiyear basis. The Schools are required to undergo an annual single audit in conformity with provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and under the direction of the Office of the Comptroller of the Treasury of the State of Tennessee.

Information related to this single audit, including the audit findings and recommendations, and independent auditor’s reports on internal control and compliance with applicable laws and regulations, is included in the Internal Control and Compliance Section.

The remainder of this transmittal highlights the governance structure, the mission, the accomplishments and initiatives, the economic conditions and outlook, and the financial activities of the Schools.

## **Governance**

The governance of the Schools is overseen by a five-member board of education (the “Board”) that is elected by the citizens. Each member is elected to a four-year term with the elections being staggered so that not all positions are voted on during the same year.

Board meetings are scheduled the third Monday of the month and are held in the Schools' Administration Building. Regular work sessions may be scheduled when necessary and held at the Schools' administration building conference room. Special meetings are scheduled as needed and announced in compliance with public notice requirements, never allowing a meeting to be circumvented, but rather simply moved to account for at least one meeting per month on average. The Board has final control over local school matters limited only by the City Charter, state legislature, by the courts, and by the will of the people as expressed in School Board elections. Board decisions are based on majority vote of a quorum of the Board.

In general, the Board adopts policies, sets direction for curriculum, employs the superintendent and oversees the operations of the Schools, including the Business and Operations Department. The Board is also responsible for setting salaries, acting as a board of appeals in personnel and student matters, confirming recommendations for textbook adoptions, and adopting and amending the annual budget as recommended by the Superintendent.

The Board has responsibilities and control over all activities related to the public school education within the City's boundaries. Even though there is considerable association between such other entities as the Anderson and Roane counties Boards of Education, this report is restricted, only, to the actual activities of Oak Ridge Schools.

### **Vision**

Every student receives the highest-quality education and graduates prepared for college, career and life successes.

### **Mission**

Provide an adaptive and challenging learning environment and instruction that prepares each student for excellence in education and the workplace, while cultivating integrity, responsibility and a sustained passion for continued learning.

### **History and Outlook**

Oak Ridge Schools started on October 4, 1943, when 637 students enrolled in three schools: the High School, Robertsville and Elm Grove. From that date, Oak Ridge Schools have provided quality education and continued the tradition begun during the Manhattan Project.

One reason Alden Blankenship gave for accepting the challenge to be Oak Ridge Schools first Superintendent of Schools was, "In such a situation it might be possible to make schools real community centers. The program could surely be planned to meet the actual needs of the children. There would be no sacred customs or traditions barring ones way. In spite of the existing shortage of teachers, a system of merit would be established with no political strings attached. Recruiting personnel from all parts of the nation to fit into community of as cosmopolitan a makeup as this promised to be quite an adventure in itself."

That was the beginning. One man saw the possibility and created the vision that was quickly implemented, that was quickly accepted by the administrative staff, parents and teachers alike. It required work, but it provided enormous rewards immediately and ongoing. Nothing like it had ever been attempted before.

Oak Ridge City Historian, Bill Wilcox, has said of those early years, "the bar was set very high those first four formative years in terms of academic standards and expectations." We find the same situation existing today in Oak Ridge Schools. The "bar" of achievement has been raised by new standards being imposed and a changing demographic in our student population. Our schools must respond, as did Blankenship.

Only by having the best staff and teachers, the most engaged parents, the communities and neighborhoods pulling strongly together behind their schools, can Oak Ridge Schools hope to meet the new challenges of higher state standards, changing demographics and the requirement to ensure that all students achieve to their highest potential.

The Oak Ridge Schools started with a most unusual requirement, they had to be top-notch, and absolutely nothing less was acceptable. General Groves demanded it and Blankenship saw to it. Groves was smart enough to give Blankenship his appointment and encouraged him to reach for the sky and he did.

The same is true today for Oak Ridge Schools. Historically, Oak Ridge Schools began with the standards so high that only the very best teachers and administrators could guide the educational process sufficiently to achieve the standards. The children who were placed in the schools by the scientist, engineers, craftsmen, and others who brought their families to Oak Ridge to help win WWII, were obviously given the best education possible at the time.

In the 2017 fiscal year, Oak Ridge City Schools were comprised of a preschool serving 210 students (ages 3-4), four elementary schools serving 1,627 students, two middle schools serving 1,396 students, and one high school serving 1,338 students. With a licensed staff of 400, our 660 employees work hard each day for our students. Eighty percent of our teachers hold a master's level degree and above.

## **Highlights of the Oak Ridge Schools Fiscal Year 2017 Finances**

### Revenues

The major sources of revenues for Oak Ridge Schools are Anderson and Roane counties, the State of Tennessee, the City of Oak Ridge, and the Federal Government.

### County Revenues

County revenues come from two primary sources, property and sales tax, and are allocated to school systems based on their proportion of student attendance. The fiscal year ("FY") 2017 budget contained a projected increase in County funds of \$801,272 over the FY 2016 budgeted amount. County funds represented approximately 27.64% of the Oak Ridge Schools FY 2017 adopted budget.

### State Revenues

Representing approximately 39.99% of total budget revenues for the Oak Ridge Schools' budget, state funds must be used for programming guidelines of the Education Improvement Act and the BEP 2.0. The Basic Education Program funding ("BEP") is a proportional funding formula based on a number of factors which include: number of certified staff, average daily attendance, and insurance and retirement costs among others. Overall, the projected state funds increase by \$722,000. It should be noted that FY 1998 was the last year our system received BEP phased-in funding increases. Beginning in FY 1999 and in future years, all increases or decreases will be dictated primarily by student enrollment and fluctuations in State funds for teacher salaries and health insurance, etc. BEP 2.0 funding initiatives began in FY 2008 with specific spending requirements.

### City Revenues

Funds from the City of Oak Ridge were budgeted with a \$538,048 increase for FY 2017 Budget. Overall City funding represents approximately 28.95% of total school revenues.

### Staff Development

Oak Ridge Schools believe the key to excellence of our school system will continue to be a highly qualified and dedicated staff with the encouragement and support to pursue innovated learning strategies. The goal of Oak Ridge Schools Professional Development is to improve student achievement and system wide cohesion by building the knowledge and skills of our staff through collaborative effort. Budgeted funds are provided, grants are solicited, and other additional funding opportunities are sought, at both building level and system level for staff development.

### Special Education-At-Risk

Special education programs serve the gifted, medically fragile and disabled students. To adequately meet the expectations from the "No Child Left Behind" and the "Every Student Succeeds Act" for special education students, special education staff is needed to address the increased number of students entering Oak Ridge Schools who have met the federal and state criteria to receive special education services. The additional staff positions have, and will have, a direct impact on the educational instruction for our special needs students and students who are non-English speakers being served in the Oak Ridge School system.

## Technology Initiatives

The Oak Ridge Schools District operates with an annual Technology Plan. This plan calls for the replacement of computers, improved internet access, instructional and administration software, and staff training based on thorough research and trend data supporting the use of technology. The technology department will continue to make technology available, capable, and reliable to students, teachers, administrators, and support staff throughout the system.

## Other Information

### Internal Controls

An internal controls structure that has been designed, managed and maintained by the Schools is in place to ensure the district's assets are protected from loss, theft and misuse and to ensure that accurate accounting data is compiled in the preparation of the financial statement in conformity with U.S. Generally Accepted Accounting Principles ("GAAP"). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The Business and Support Services organization chart is attached. In complying with GAAP, Oak Ridge Schools implements all applicable GASB accounting pronouncements.

### Independent Audit

State law and the City Charter require an annual audit of the accounts and financial records of the Schools by independent certified public accountants selected by the Board of Education. Brown Jake & McDaniel, P.C. has issued an unqualified opinion on the financial statements of Oak Ridge Schools for the year ended in June 30, 2017. The independent auditors' report has been included in this report at the front of the financial section.

### Management's Discussion and Analysis ("MD&A")

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the financial statements in the form of the MD&A. This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The Schools' MD&A can be found immediately following the Independent Auditor's Report.

### Acknowledgements

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Business Services Department. We would like to express our appreciation to all members of the department who assisted and contributed to its preparation.

We also wish to thank members of the Board of Education for their continued consideration and support, and for planning and conducting the financial operations of the Schools in a responsible and progressive manner.

Respectfully submitted,

Pat Smith  
Interim Director of Business Services

## Independent Auditor's Report

Board of Education  
Oak Ridge Schools  
Oak Ridge, Tennessee

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparison statements of the General Purpose School Fund and School Federal Projects Fund of the Oak Ridge Schools (the "Schools"), Oak Ridge, Tennessee, a special revenue fund of the City of Oak Ridge, Tennessee, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation"), a discretely presented component unit, which represents \$4,902,375, \$4,902,025 and \$307,172, respectively, of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, in so far as it relates to the amounts included for the Foundation, is based solely on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information and the respective budgetary comparison statements of the General Purpose School Fund and the School Federal Projects Fund of the Oak Ridge Schools, Oak Ridge, Tennessee, as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As discussed in Note 1, the financial statements of the Schools are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities, discretely presented component units, each major fund, the aggregate remaining fund information of the City of Oak Ridge, Tennessee that is attributable to the transactions of the Schools. They do not purport to, and do not, present fairly the financial position of the City of Oak Ridge, Tennessee as of June 30, 2017, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 19 and the required supplementary information on pages 82 through 90 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Schools' basic financial statements. The introductory section, the other supplementary information, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards and the schedule of noncash federal awards are presented for the purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and are also not required parts of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal and state awards, the schedule of noncash federal awards, and the other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the report of other auditors, the combining and individual nonmajor fund financial statements, the schedule of expenditures of federal and state awards, the schedule of noncash federal awards, and the other supplementary information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2017, on our consideration of the Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. In accordance with the Uniform Guidance, we have also issued our report dated December 15, 2017 on our consideration of the Schools' internal control over major programs and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Schools' internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

As management of Oak Ridge Schools (the "Schools"), we offer readers of the Schools' financials statements this narrative overview and analysis of the financial activities of the Schools for the fiscal year ended June 30, 2017.

Management's Discussion and Analysis ("MD&A") focuses on current year activities and resulting changes. Please consider the information presented here in conjunction with our Letter of Transmittal (beginning page 1) and the Schools' accompanying financial statements (beginning page 20).

**INDEPENDENT AUDIT**

The unqualified opinion of our independent external auditors, Brown, Jake and McDaniel, P.C., is included in this report on pages 7 through 9.

**FINANCIAL HIGHLIGHTS**

Highlights of the financial statements for the year ended June 30, 2017, for Oak Ridge Schools are as follows:

- **Net Position.** Total governmental assets and deferred outflows of resources at year-end were \$84.8 million and were less than liabilities and deferred inflows of resources by \$(17.8) million. Of the total net position, the Schools had a deficit balance of \$(8.2) million in unrestricted net position. Net position decreased from fiscal year ("FY") 2016 to FY 2017 by \$950,923 including a prior period adjustment of \$6.4 million.
- **Fund Balances.** At year end, the Schools' governmental funds reported combined ending fund balances of \$7.0 million, of which \$7.3 million is available for spending at the Schools' discretion (unrestricted fund balance).
- **General Purpose School Fund - Fund Balance.** During the current year, unrestricted fund balance for the General Purpose School Fund increased by \$292,510 to \$7.3 million or 12.2 % of current year expenditures.
- **Governmental-type Revenues and Expenses.** Governmental-type revenues were \$67.3 million for FY 2017 and \$59.1 million for FY 2016. Governmental-type expenses for FY 2017 were \$62.0 million which includes depreciation expense of \$3.6 million.
- **Capital Assets.** Capital assets decreased by \$3.2 million during FY 2017, which was due mainly to depreciation expense, offset in part by the purchase of capital assets.

**SUMMARY OF ORGANIZATION**

Oak Ridge Schools were established by the City of Oak Ridge, Tennessee (the City) under the provisions of the City's Charter, Article VI, Section 1-18. The City of Oak Ridge is located in Anderson and Roane Counties. The Schools began operations on June 16, 1959.

**OAK RIDGE SCHOOLS  
OAK RIDGE, TENNESSEE**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Prior to this date, the Schools were operated by the U.S. Atomic Energy Commission, from 1943 through June 15, 1959. The Schools are governed by a Board of Education (the "Board") composed of five citizens who live within the City. Board members serve for a term of four years and are elected by citizens via a city-wide vote. The Board hires a School Superintendent who manages the Schools.

The Schools operate seven schools which consist of four elementary, two middle, and one high school. All of the Schools are accredited by the Southern Association of Colleges and Schools (SACS). In addition, the Schools operate a system-wide preschool program and an elementary extended child care program.

The Schools receive annual funding from the City of Oak Ridge and a pro-rata share of property taxes and local option sales taxes from Anderson and Roane counties based upon weighted average daily attendance. The Oak Ridge City Council annually approves the Schools' appropriations for its five governmental funds.

**OVERVIEW OF THE ANNUAL FINANCIAL STATEMENTS**

Management's Discussion and Analysis serves as an introduction to the basic financial statements and supplementary information. The MD&A represents management's examination and analysis of the Schools' financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Schools' budget and other management tools were used for this analysis.

The Schools' basic financial statements comprise five main components: (1) departmental-wide financial statements, (2) fund financial statements, (3) notes to the financial statements, (4) required supplementary information, and (5) supplementary section.

**Departmental-Wide Financial Statements.** The Schools operate under the City Charter and are considered a department of the City; therefore, these financial statements are "blended" within the City's financial statements. The departmental-wide financial statements are designed to provide readers with a broad overview of the Schools' finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the assets, liabilities and deferred outflows /inflows of the Schools, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Schools is improving or deteriorating.

The statement of activities presents information showing how the net position of the Schools changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows; thus, some revenues and expenses are reported in this statement for items that will only result in cash flows in future fiscal periods (e.g., long-term liabilities).

The departmental-wide financial statements include not only the Board of Education itself (known as the primary department), but also a legally separate component unit, the Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation"), which provides financial support to the

Schools. Financial information for the Foundation is reported separately from the financial information for the primary department.

The departmental-wide financial statements can be found on pages 20 through 22 of this report.

**Fund Financial Statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Schools, like other local governments, use fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Schools can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the departmental-wide financial statements. However, unlike the departmental-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the departmental-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the departmental-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Schools maintain five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Purpose Schools Fund and School Federal Projects Fund, each of which are considered to be major funds. The Schools' three non-major funds are the Other Education Special Revenue Fund, the Extended School Program Fund, and Central Cafeteria Fund.

The basic governmental fund financial statements, and reconciliations to the government-wide financial statements can be found on pages 23 through 26 of this report.

**Budget to Actual Comparison - Major Funds.** The Schools adopt an annual appropriated budget for all governmental funds. A budgetary comparison statement has been provided for the General Purpose School Fund and the School Federal Projects Fund (major funds) to demonstrate compliance with this budget. Budget to actual comparison for the major funds can be found on pages 27 through 28 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the departmental-wide financial statement because the Schools cannot use these funds to finance its operations.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

The Schools use a private purpose trust fund to account for the college scholarships which are awarded to graduating seniors on an annual basis. The Schools also have included the Oak Ridge Schools Internal School Funds as an agency fund. The basic fiduciary fund financial statements can be found on pages 29 and 30 of this report.

**Notes to the Financial Statements:** The notes provide additional information that is essential for a full understanding of the data provided in the departmental-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 81 of this report.

**Required Supplementary Information (RSI):** This information provides a schedule of funding progress of the Tennessee Consolidated Retirement System ("TCRS") plan for the Schools' non-teaching personnel. Teachers are considered state employees for TCRS retirement purposes. A schedule of funding progress of other postemployment benefits for the state teacher insurance group plan for retirees can be found on page 82 of this report.

**Supplementary Section:** This information provides comparative financial statements for individual funds, schedules of expenditures of federal and state awards and noncash federal awards. The supplementary information can be found on pages 91 through 115 of this report.

**DEPARTMENTAL-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At June 30, 2017 and 2016, the Schools' governmental-type assets and deferred outflows of resources were less than liabilities and deferred inflows by \$(17.8) million and \$(16.9) million, respectively.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

By far the largest portion of the Schools' net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Schools use these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the Schools' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from the City, since the capital assets themselves cannot be used to liquidate these liabilities.

The unrestricted net position may be used to meet the Schools' obligations to students, employees, and creditors as well as help fund next year's budget.

The Schools' governmental net position decreased by \$950,923 and \$818,166, during FY 2017 and FY 2016, respectively. The following discussion and analysis on governmental activities focuses on these changes.

Governmental Activities. The key factors in the increase of the Schools' net position for the fiscal years ended June 30, 2017 and 2016, are as follows:

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

One significant factor contributing toward the FY 2017 \$950,923 decrease in net position was the prior period adjustment of \$6.4 million. One significant factor contributing toward the FY 2016 \$818,166 decrease in net position was the prior period adjustment of \$1.5 million.

**Revenues.** The Tennessee Education Improvement Act ("EIA") of 1992 established the Tennessee Basic Education Program ("BEP") as the funding formula for kindergarten through grade twelve education in Tennessee. The components of the formula are grouped into two categories for determining the state and local share of formula funding in each school system: classroom and non-classroom. The EIA requires the state to pay 75% of the statewide cost of the classroom components and 50% of the statewide cost of the non-classroom components.

The split within the BEP formula between funding for classroom and non-classroom components has remained fairly constant at the statewide and at the system level, with classroom components making up about 70% of the total. The split between classroom and non-classroom categories in actual local spending varies from that in the BEP formula for several reasons. For example, the BEP formula does not include the cost of local salary supplements. As a result, the actual percent of funds spent in the classroom category may be greater than the percentage of the BEP formula that falls into the classroom category. The Schools' BEP revenues during FY 2017 and FY 2016 were \$20,286,000 and \$19,491,000, respectively, representing a 4.1% increase.

Local taxes which consist of Anderson County and Roane County property taxes and local option sales taxes were \$15,232,738 in FY 2017 and \$14,653,483 in FY 2016, for a 4.0% increase.

**Expenses.** Annual cash payments from the City's General Fund were \$15,551,678 for FY 2017 and \$14,955,915 for FY 2016, resulting in a 4.0% increase.

Annual payments from the City's Debt Service Fund were \$6,452,176 during FY 2017 and \$4,845,846 during FY 2016 for principal and interest payments related to City issued school debt for a 33% increase. Also in FY 2016, the City refinanced debt for the Schools making a payment of \$19,384,805.

Instructional expenses represent the largest category for FY 2017 and FY 2016 with expenses of \$34,240,037 and \$30,156,746, respectively, which is 49% and 52% of total expenses in FY 2017 and FY 2016, respectively.

**FINANCIAL ANALYSIS OF THE SCHOOLS' FUNDS**

As noted earlier, the Schools use fund accounting to ensure and demonstrate compliance with finance and related legal requirements.

**Governmental Funds.** The focus of the Schools' governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Schools' financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Schools' net resources available for spending at the end of the fiscal year.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

As of June 30, 2017, the Schools' governmental funds reported a combined fund balance of \$7,836,409, an increase of \$496,874 from the previous year. The unassigned fund balance of \$6,402,840 is 82% of the combined fund balances. The unassigned fund balance is available for spending at the Schools' discretion. Pursuant to GASB Statement No. 54, the remainder of the fund balance is classified as nonspendable - \$96,315, restricted for a specific purpose per enabling legislation (Career Ladder/Extended Contract - (\$7,883), Support Services / Non-instructional - \$437,210 and committed for a specific purpose per action by the Board of Education - \$907,927.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

**General Purpose School Fund.** The General Purpose School Fund is the main operating fund of the Schools. At June 30, 2017, unrestricted fund balance was \$7,207,146 while total fund balance was \$7,295,578. As a measure of the fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total expenditures. Unrestricted fund balance represents 12.2% of total general purpose school fund expenditures. The total fund balance represents 12.3% of total general purpose school fund expenditures.

The fund balance of the Schools' General Purpose School Fund increased by \$292,510 during the current fiscal year. A few highlights of the General Purpose School Funds are as follows:

- Revenues and other net financing sources were \$59,212,371 for FY 2017 and \$77,086,126 for FY 2016, with a net decrease of \$17,873,755.
- Expenditures were \$58,919,861 for FY 2017 and \$76,089,398 for FY 2016, with a decrease of \$17,169,537.
- Instructional expenditures represent 52.0% of the total expenditures for FY 2017 and 42.0% for FY 2016.

**School Federal Projects Fund.** The School Federal Projects Fund, which accounts for a majority of the Schools' federal grants, reported expenditures of \$3,448,126 for 2017 and \$3,390,080 for 2016, with a net increase of \$58,046.

**MAJOR FUNDS BUDGETARY HIGHLIGHTS**

The General Purpose School Fund's fund balance increased \$292,510 which was a positive variance from budget of \$2.2 million. This was due mainly to the Schools reduction in debt service expenditures. Current year expenditures in instructional and support services were \$1.7 million less than budgeted.

The General Purpose School Fund's budgetary comparison statements are on pages 91 through 95.

The School Federal Projects Fund had (\$197) thousand less than budgeted in revenues and expenditures in 2017.

The School Federal Project Fund's budgetary comparison statements are on pages 96 through 98.

**CAPITAL ASSETS**

The Schools' investment in capital assets for its governmental activities as of June 30, 2017, was \$122 million with accumulated depreciation of \$58.6 million resulting in a net book value of \$63.4 million. The majority of net capital assets are land, buildings, and related improvements, which were \$58.5 million or 89% of total net capital assets.

The majority of capital asset activity is due to capital projects at various schools.

Additional information on the Schools' capital assets can be found in Note 4 to the financial statements.

**LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES**

Total long-term debt at June 30, 2017, and 2016, was \$73.5 million and \$71.5 million, respectively. Total long-term debt increased from FY 2016 to FY 2017 by \$2.0 million.

Total other long-term liabilities at June 30, 2017, and 2016, were \$8.1 million and \$7.6 million, respectively. Total other long-term liabilities increased from FY 2016 to FY 2017 by \$0.5 million.

Additional information on the Schools' long-term debt and other long-term liabilities can be found in Notes 5, 6, 7, 8, 16 and 18 to the financial statements.

**ENROLLMENT**

The Schools' enrollment has remained constant since FY 2003. Current enrollment is 4,409 for FY 2017 compared to 4,471 for FY 2016. Management is closely monitoring various factors affecting enrollment.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

During the preparation of the FY 2018 budget, the following major assumptions were used.

- The FY 2017 budgeted expenditures for the General Purpose School Fund were \$54.3 million.
- Compensation and benefits budgeted in FY 2017 for employees increased by \$1,709,279 over the prior year.
- For FY 2017, the Schools have projected a 6.9% increase in health insurance premiums and a TCRS pension employer contribution rate of 9.08% for certified (teachers) staff, and 10.05% for non-certified (support) staff. Dental, vision and life premiums are projected to increase by 0%.

**FINAL COMMENTS**

The Oak Ridge School System continues to provide a quality public education. In prior years, the Schools have been recognized by "Newsweek" and several other national publications. Oak Ridge Schools continue to provide a great education for all students and is currently ranked by Niche as the number one school in the State of Tennessee.

In 2017, the entire Oak Ridge School District (all four elementary schools, two middle schools, and the high school) became STEM Certified by AdvancED. It is the first entire district to be certified in the State of Tennessee and the second entire district in the world. Our focus on STEM demonstrates our continued commitment to ensure every Oak Ridge student is prepared for college, career, and life success.

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures  
and Changes in Fund Balances to the Statement of Activities

Year Ended June 30, 2017

<b>Total net change in fund balances--governmental funds</b>		<b>\$ 496,874</b>
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which depreciation expense (\$3,633,614) is less than capital outlays (\$391,559).		(3,242,055)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Principal repaid		4,284,200
Amortization of bond discounts and premiums, net		155,565
Change in accrued interest payable on long-term debt that is not due and payable in the current period and therefore is not reported with the funds		(50,228)
Investment income (loss) - change in fair value of ineffective derivative interest rate swap		1,967,643
Deferred inflows/outflows		
Pension income is not reported in the fund statements.		36,486
Pension expense is not reported in the fund statements.		(690,818)
Employer contributions		2,976,259
Governmental funds report compensated absences and termination benefits that mature or are used shortly after year end as an expenditure. However, the long-term portion is not reported in the governmental funds.

Notes to Basic Financial Statements

June 30, 2017

1. Summary of Significant Accounting Policies

(a) Financial Reporting Entity

The Oak Ridge Board of Education (the "Schools") was established by the City of Oak Ridge, Tennessee (the "City") under the provisions of the City's Charter, Article VI, Sections 1-18.

Oak Ridge Schools operate eight schools which consist of one preschool, four elementary, two middle and one high school. All of the schools, with the exception of the preschool, are accredited by the Southern Association of Colleges and Schools ("SACS"). The School System is responsible for the public education of children in grades K through 12 who reside within the boundaries of the City of Oak Ridge. Students who live outside the city limits may attend, subject to space availability and the payment of tuition.

The Schools are a department of the City of Oak Ridge and are not a separate legal entity. Therefore, the Schools' financial statements are also included in the City's Comprehensive Annual Financial Report ("CAFR"). The Schools' departmental-wide financial statements will be blended within the City's CAFR in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 14. In accordance with the City's Charter, the City Council approves and issues long-term debt, such as bonds and notes payable to provide the financing for the acquisition and construction of the Schools' facilities.

The financial statements present only the Oak Ridge Schools and are not intended to present fairly the financial position of the City of Oak Ridge, Tennessee, or the results of its operations and cash flows of its proprietary fund in conformity with generally accepted accounting principles.

Discretely Presented Major Component Units

Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation") is a not-for-profit organization exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Foundation's primary mission is to enhance, promote and support the City of Oak Ridge Schools. The Foundation receives donations and pledges from individuals, corporations and other donors. The Schools do not appoint or approve the Foundation's budget or Board of Directors. However, since the Foundation's main purpose is to provide financial support to the Schools, this meets the definition of a component unit in accordance with GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, paragraph five.

The Foundation has been reported in the Schools' departmental-wide financial statements as a major component unit. The Foundation has been audited by a separate certified public accounting firm for the year ended December 31, 2016. The Schools have included the Foundation's results with a different year-end in accordance with GASB Statement No. 14, *The Financial Reporting Entity*, paragraph 59. The Foundation published separate financial statements and may be obtained from:

(b) Basis of Presentation

The Schools follows Governmental Accounting Standards Board standards for external financial reporting for all state and local governmental entities, which includes a statement of net position, a statement of activities and changes in net position. These standards require the classification of net position into three components – net investment in capital assets; restricted; and unrestricted. The classifications are defined as follows:

- Net investment in capital assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted - This component of net position consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position - This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

The Schools basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

**1. Government-Wide Financial Statements:**

The statement of net position and the statement of activities display information about the Schools as a whole.

The statement of net position presents the financial condition of the governmental activities of the Schools at year-end. The statement of activities presents a comparison between direct expenses and program or function of the Schools' governmental activities.

Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the Schools. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Schools.

(b) Basis of Presentation (Continued)

2. **Fund Financial Statements:**

During the year, the Schools segregate transactions related to certain school functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Schools at this detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The following are the Schools' funds:

**Major Funds:**

The General Purpose School Fund is the main operating fund of the Schools. It is used to account for all financial resources except those required to be accounted for in another fund. Revenues are received from local taxes, state and federal revenues and charges for services.

The School Federal Projects Fund is used to account for the proceeds of federal award grant programs requiring separate accounting because of legal or regulatory provisions or administrative action.

**Non-major Funds:**

The Other Education Special Revenue Fund is used to account for the activities assisting at risk children and their families. The fund accounts for the Family Resource Center and the Safe Schools Act activities which are funded by federal awards.

The Extended School Program Fund is used to account for the fees collected for the Schools' extended child care program.

The Central Cafeteria Fund is used to account for the activities related to food services. The revenue also supports preparing and serving regular and incidental meals, lunches, or snacks in connection with school activities and food delivery. Revenue is collected in the form of meal charges, fees for special events and programs, and state and federal reimbursements under the national school lunch and breakfast programs.

The Schools' fiduciary funds are the following private purpose trust and agency funds:

The Scholarship Fund is used to account for resources legally held in trust for use of scholarship awards. All resources of the fund, including investment earnings, may be used for scholarship awards.

Oak Ridge Schools Internal School Funds ("ORISF") is used to account for the funds held at individual schools for which all earnings and resources of the fund are used to benefit the students.

1. Summary of Significant Accounting Policies (Continued)

(c) Fund Accounting

The Schools use funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds:

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

Special Revenue Funds account for revenue derived from specific sources that are restricted by legal and regulatory provisions to finance specific activities. The Special Revenue Funds are the General Purpose School Fund, the School Federal Projects Fund, the Other Education Special Revenue Fund, the Extended School Program Fund and the Central Cafeteria Fund.

Proprietary Funds are used to account for activities that are similar to activities that may be performed by a commercial enterprise.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as investment earnings, result from non-exchange transactions or ancillary activities.

Fiduciary Funds account for assets held by the Schools in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement.

(d) Measurement Focus

1. **Government-Wide Financial Statements:**

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when incurred, regardless of the timing of the related cash flows. All assets and liabilities associated with the operation of the Schools are included on the statement of net position.

OAK RIDGE SCHOOLS  
OAK RIDGE, TENNESSEE

Notes to Basic Financial Statements  
(Continued)

1. Summary of Significant Accounting Policies (Continued)

(d) Measurement Focus (Continued)

2. **Fund Financial Statements:**

All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between government-wide statements and the statements for governmental funds.

(e) Component Unit

The Foundation follows the Schools' proprietary fund type measurement focus and basis of accounting, the accrual basis of accounting.

(f) Fund Balance

Governmental funds, in the fund financial statements, report reservations of fund balances for amounts that are not available for appropriation and/or legally restricted by outside third-parties for specific purposes. In accordance with GASB 54, the governmental funds report fund balances in classifications that comprise a hierarchy based primarily on the extent to which the Schools are bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The categories of fund balance are as follows:

- Nonspendable – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Fund balances reported as non-spendable represent amounts for inventory, prepaid expenditures, encumbrances, advances to other funds and noncurrent notes receivables.
- Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation (such as through state statutes).
- Committed – Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action, either ordinance or resolution, of the Board of Education (the "Board") level of decision-making authority, are reported as committed fund balance. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Amounts classified as committed are not subject to legal enforceability like restricted resources; however, they cannot be used for any other purposes unless the Board removes or changes the commitment by taking the same action it employed to impose the commitment.

OAK RIDGE SCHOOLS  
OAK RIDGE, TENNESSEE

Notes to Basic Financial Statements  
(Continued)

1. Summary of Significant Accounting Policies (Continued)

(f) Fund Balance (Continued)

- Assigned – This classification consists of all fund balances that are not in the General Purpose School Fund or classified as nonspendable, restricted or committed. In addition, General Purpose School Fund balances that the School intends to use for specific purposes as approved by the Board or management are also classified as assigned. The Board has a fund balance policy that allows assigned amounts to be re-assigned by the Board, or management.
- Unassigned – This classification consists of all fund balances in the General Purpose School Fund that are not reported as nonspendable, restricted, committed or assigned.

The Schools' policy is to expend any available restricted, committed or assigned resources, in that order, prior to expending unassigned resources.

(g) Minimum Fund Balance

State statutes require the General Purpose School Fund to maintain a minimum unrestricted fund balance of 3% of current year's expenditures. For the current fiscal year ended June 30, 2017, the Schools met the minimum fund balance as required by state law.

(h) Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

1. **Revenues - Exchange and Nonexchange Transactions:**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Schools, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the Schools receive value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Schools must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Schools on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: charges for services, interest income, grants and intergovernmental revenue.

1. Summary of Significant Accounting Policies (Continued)

(h) Basis of Accounting (Continued)

2. **Expenses/Expenditures:**

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of costs, such as depreciation and amortization, are not recognized in governmental funds.

(i) Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Encumbered appropriations for funds do not lapse at the end of the fiscal year. Encumbrances outstanding at year-end are reported as nonspendable fund balances since they do not constitute expenditures or liabilities. There were no outstanding encumbrances at June 30, 2017.

(j) Budgets and Basis of Budgeting

The Oak Ridge Schools' budget process is initiated each year by the various programs, principals and staff of each school as well as the preparation of the budgets by each special department within the two major governmental funds of the school system. These budgets include staff requirements, materials and supply needs, capital and replacement equipment needs, and special requests associated with the operation of the school system. School unit budgets are submitted to the Assistant Superintendent of Schools for review and compilation. Support Services departments submit their budgets directly to the Director of Business and Support Services for review and compilation. On or about January 1, all budgets are submitted to the Superintendent of Schools on the required forms and in a predetermined format. The budget review process by the Superintendent, Executive Directors, and department directors is completed during the month of January.

Revenue projections in all areas are made during the month of January by the Executive Director of Business and Operations. Community involvement by a citizens' committee is also provided for during this period. On or about February 1, a comprehensive budget proposal is prepared and submitted to the Board of Education as the Superintendent's proposed budget for the subsequent fiscal year. During February, the Board of Education conducts numerous special Board meetings for budget review sessions as well as formal public hearings. During this same period, the Board hears formal recommendations from the Oak Ridge Education Association and the principal's group. Following these deliberations by the Board of Education and adjustments as required by the Board's action, the budget is approved by the Board for submission to City Council in early March. Beginning in early April, the City of Oak Ridge conducts formal budget reviews and public hearings, with a first and second reading of the appropriation ordinance. On or before April 30, the appropriation ordinance is approved by City Council establishing the property tax rate for the coming fiscal year and the level of appropriation for the Oak Ridge Schools.

Once the budget has been approved, the Board of Education may modify the budget between departments or major category level; however, any increase in total appropriations must be approved by the Board of Education and City Council. Management can modify the budget amounts within a department.

(j) Budgets and Basis of Budgeting (Continued)

Formal budgetary integration is employed as a management control device for the General Purpose School Fund, School Federal Projects Fund, Other Education Special Revenue Fund, and Extended School Program Fund; however, the School Federal Projects budget is amended at the time the grant or program has been approved by the grantor. The budgets are legally adopted on a basis consistent with GAAP, except encumbrances are treated as budgeted expenditures in the year the commitment to purchase is incurred. The adjustments necessary to convert the basis of budgeting to GAAP represent the net change in encumbrances outstanding at the beginning and end of the fiscal year.

Budgeted amounts reflected in the accompanying budget and actual comparison are as originally adopted or as amended by the Board of Education and City Council. Budgetary appropriations which are not expended lapse at year-end.

(k) Cash and Cash Equivalents

For purposes of these financial statements, the Schools consider all highly liquid investments (including restricted assets) having original maturity dates of three months or less when purchased to be cash equivalents.

(l) Investments

Investments are stated at fair value and based upon quoted market price.

(m) Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2017, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

(n) Pledges Receivable

Pledges receivable of the component unit (the Foundation), are recognized as contribution revenue in the period that is, in substance, unconditional. The Foundation uses the allowance method to determine an uncollectible amount based upon prior years' experience and management's estimates.

Unconditional pledges that are expected to be collected within one year are recorded at net realizable value. Unconditional receivables that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the pledges are received. Amortization of the discounts is included in contribution revenue.

(o) Inventory

Inventories are presented at the lower of cost (weighted average method) or market.

(p) Commodities

The Oak Ridge Schools receive commodities for school cafeterias from the U.S. Department of Agriculture. The value of the commodities received is reported as revenue, and the value of such commodities used is reported as cost of food in the accompanying financial statements.

(q) Restricted Assets

Assets are reported as restricted when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors or laws of other governments or imposed by enabling legislation.

(r) Capital Assets

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost or estimated historical cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their estimated fair market values as of the date received. The Schools maintain a capitalization threshold of five thousand dollars. The Schools do not possess any infrastructure. Net interest costs during construction periods are capitalized for assets acquired by the issuance of long-term debt. Major additions and improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged to operations.

All reported capital assets except for land and land improvements are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Useful Lives</u>
Buildings and improvements	20 - 50 years
Machinery and equipment	3 - 20 years
Computer hardware and software	5 - 10 years
Food service equipment and fixtures	15 years
Buses	15 years
Vehicles	5 - 8 years
Furniture and fixtures	20 years
Athletic facilities	10 - 20 years

(s) Compensated Absences

It is the policy of the Schools to permit employees to accumulate, in varying amounts, earned but unused vacation and sick pay benefits. There is no liability recorded for unpaid accumulated sick leave since the Schools do not have a policy to pay any such amounts upon separation from employment. However, upon retirement, the accumulated sick leave is credited to time of employment for calculating years of service under TCRS benefits.

In the departmental-wide financial statements, unpaid compensated absences are reported as Other Long-Term Liabilities. In the fund financial statements, compensated absences are expensed as they are paid. The compensated absences liability is not reported in their respective fund financial statements because it is not expected to be liquidated with expendable available financial resources.

(t) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(u) Pension Plans

*Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS.* For the purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan in the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refund of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan. Investments are reported at fair value.

*Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS.* For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan. Investments are reported at fair value.

*Oak Ridge City Schools Non-Teacher Hybrid With Cost Controls.* For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Oak Ridge Board of Education Hybrid With Cost Controls' participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Oak Ridge Board of Education Hybrid With Cost Controls' fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of the TCRS. Investments are reported at fair value.

*Oak Ridge City Schools Non-Teacher Legacy Plan.* For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Oak Ridge Schools' participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of the TCRS. Investments are reported at fair value.

(v) Postemployment Benefits

The Schools follow the provisions of Governmental Accounting Standards Board Statement No. 43, "Financial Reporting for Postemployment Benefit Plans Other Than Pensions" and Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefit Plans Other Than Pensions." The Schools elected to implement these standards on the prospective basis.

(w) Termination Benefits

The Schools provide voluntary termination benefits for professional employees who agree to retire before age 65. Payments are recorded as an expenditure in the General Purpose School Fund. The estimated liability and related expense is reported in the departmental-wide financial statements.

(x) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Short-term amounts owed between funds are classified as "Due to/from other funds." Interfund loans are classified as "Interfund notes receivable/payable."

(y) Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year ended June 30, 2017.

(z) Deferred Outflows/Inflows of Resources

In accordance with GASB Statement No. 63 and GASB Statement No. 65, the statement of net position will sometimes report a separate section for deferred outflows of resources, in addition to assets. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

(aa) Recently Issued and Adopted Accounting Pronouncements

GASB has issued the following recent pronouncements:

Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB 67 and 68" – The provisions of this Statement that address accounting and financial reporting by employers and government nonemployer contributing entities for pensions that are not within the scope of Statement 68 are effective for financial reporting for fiscal years beginning after June 15, 2016, and the provisions of this Statement that address financial reporting for assets accumulated for purposes of providing those pensions are effective for fiscal years beginning after June 15, 2015.

Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other than Pension Plans" – The provisions of this Statement are effective for financial reporting periods beginning after June 15, 2016.

Statement No. 77, "Tax Abatement Disclosures" – The provisions of this Statement are effective for financial reporting periods beginning after December 15, 2015.

Statement No. 82, "Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73" – The provisions of this Statement are effective for financial reporting periods beginning after June 15, 2016.

These Statements have had no effect on the Schools.

(ab) Long-Term Debt

The departmental-wide financial statements report long-term debt associated with the capital assets that have been reported. Various debt issues were executed by the City of Oak Ridge, and the City services the debt through its Debt Service Fund, not the Board of Education special revenue funds. To reflect this activity in the Schools' separately-issued statements, entries are made for the principal and interest payments as transfers between the Debt Service Fund of the City and the General Purpose School Fund of the Schools.

In the departmental-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(ac) Fair Value of Financial Instruments

We use a framework for measuring fair value and disclosing fair values. We define fair value at the price which would be received to sell an asset in an orderly transaction between market participants at the measurement date. We use this framework for all assets and liabilities measured and reported on a fair value basis and enable the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. Each asset and liability carried at fair value is classified into one of the following categories:

- Level 1 – Quoted market prices in active markets for identical assets or liabilities
- Level 2 – Observable market based inputs or unobservable inputs corroborated by market data
- Level 3 – Unobservable inputs not corroborated by market data

(ac) Fair Value of Financial Instruments (Continued)

Investments are measured at fair value based on quoted market prices in the active markets (all are Level 1 inputs).

The fair value of current assets and current liabilities approximate to the carrying value due to the short maturity of these instruments. The fair value of unconditional promises to give is estimated by discounting the future cash flows using the current rates offered for deposits of similar remaining maturities.

The fair values of long-term debt and other long-term liabilities approximate the carrying amounts and are estimated based on current rates offered to us.

(ad) Comparative Data

Comparative totals for the prior year have been presented in the accompanying combined financial statements in order to provide an understanding of changes in the Schools' financial position and operations. However, presentation of prior year totals by fund type has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

Total columns on the combined financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in cash flows in conformity with accounting principles generally accepted in the United States of America. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data. Certain comparative data have been reclassified to present such amounts in a manner consistent with the current year's presentation.

2. Deposits and Investments

The Schools follow GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, that requires disclosures about custodial credit risk, interest rate risk, credit risk and concentration of credit risk.

**Deposits**

State statutes authorize the Schools to deposit funds in banks, credit unions and the state and local government investment pool (“SLGIP”) and repurchase agreements.

**Deposit Policies**

The Schools’ deposit policy is governed by the laws of the State of Tennessee. Deposits in financial institutions are required by state statutes to be secured and collateralized by such institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance.

The Schools’ policy authorizes the investment of excess operating funds in various bank accounts, savings accounts or certificates of deposits with a local bank or credit union located within the city limits. Banks or credit unions shall be fully insured by the Federal Depository Insurance Corporation (“FDIC”) or the National Credit Union Administration (“NCUA”). In addition, local banks shall participate in the bank collateral pool administered by the Treasurer of the State of Tennessee.

**Deposits – Custodial Credit Risk**

At June 30, 2017, the carrying amount of the Schools’ deposits (cash and cash equivalents) were \$9,482,918 and were held in financial institutions that were fully insured or participate in the bank collateral pool administered by the Treasurer of the State of Tennessee.

2. Deposits and Investments (Continued)

**Deposits – Custodial Credit Risk (Continued)**

Banks may use one of three different security pledges (90, 100 or 105%) depending on the specific bank holding the deposit. Participating banks determine the aggregate balance of their public fund accounts for the Schools. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Since the bank collateral pool covered all the Schools' deposits at June 30, 2017, they are considered to be insured, fully collateralized and classified as Category 1, under GASB Statement No. 40, for purposes of custodial credit risk disclosure.

**Investment Income**

Investment income in the Scholarship Fund for the year ended June 30, 2017 consisted of the following:

Interest	\$ <u>1,433</u>
----------	-----------------

**Investment Policies**

State statutes authorize the Schools to invest in obligations of the federal government, federal agency securities, state government, state local government investment pool ("SLGIP"), municipal bonds issued in Tennessee, certificates of deposit, and other time deposits and repurchase agreements.

Custodial Credit Risk: The Schools' investment policy requires that investment securities be registered in the name of Oak Ridge Schools. All safekeeping receipts for investment instruments are held in accounts in the Schools' name and all securities are registered in the Schools' name.

Credit Risk: The Schools' investment policy limits investments in federal agency securities and municipal bonds, to the highest ratings by two of the nationally recognized ratings organizations, Standard and Poor's, Moody's Investor Services, FITCH or A.M. BEST.

Interest Rate Risk: Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. If the yield of the portfolio can be improved upon by the sale of an investment, prior to its maturity, with the reinvestment of the proceeds, then this provision is also allowed.

In accordance with its investment policy, the Schools manage its interest rate risk by limiting the weighted-average maturity of its investment portfolio in the governmental funds and proprietary fund to one year or less. No security, at the time of purchase shall have a maturity exceeding one year. The Schools manage its interest rate risk by limiting the weighted-average maturity of its investment portfolio in the scholarship fund to ten years or less. No security, at the time of purchase in the scholarship fund, shall have a maturity exceeding ten years.

Concentration of Credit Risk: The Schools may choose to maintain between 0% to 100%, or any portion thereon, of its investment portfolio in U.S. Treasury Bills, Notes and Bonds, federal agencies, SLGIP, certificates of deposit or repurchase agreements in accordance with state statutes. As of June 30, 2017, the Schools did not maintain any investments; deposits were held in bank or money market accounts.

**Investment Policies (Continued)**

The Schools' investment policy does not require diversification among authorized investment broker-dealers. However, the policy requires the use of an investment broker-dealer who is registered with the Securities Investor Protection Corporation ("SIPC") and who maintains an office within the city limits.

**Component Unit – Foundation**

At December 31, 2016 (latest information available), the Foundation had the following deposits and investments:

**General Obligation Bonds**

General Obligation Bonds ("GO") consisted of the following at June 30, 2017:

Series 2009 GO Refunding Bond, issuance of \$15,676,720, maturing in 2022 with interest rates of 3.0% to 5.0%	\$ 11,018,780
Series 2009B GO Refunding Bond, issuance of \$1,468,284, maturing in 2041 with interest rates of 5.6% to 6.5%	7,846,634
Series 2015A GO Refunding Bond, issuance of \$9,140,000, maturing in 2024 with interest rates of 2.0% to 5.0%	7,700,000
Series 2015B GO Refunding Bond, issuance of \$9,445,000, maturing in 2032 with interest rates of 2.0% to 3.0%	9,340,000
	\$ 35,905,414

In February 2009, the Schools, through the City of Oak Ridge, issued \$15,676,720 in General Obligation Refunding Bonds, Series 2009, for a current refunding of \$16,910,647 of outstanding notes payable. The refunding was done to reduce total future debt service payments and to replace variable interest rate debt with fixed interest rate debt.

In November 2009, the Schools, through the City of Oak Ridge, issued \$7,528,350 in General Obligation Bonds, Series 2009B, Build America Bonds ("BABS"). The bond proceeds were used to finish the Oak Ridge High School renovations and other capital projects. During 2011, an additional amount of \$318,284 was allocated to the Schools for capital projects. The BABS are federally taxable Build America Bonds with a direct interest subsidy from the U.S. Government. Interest payments are made semi-annually at gross interest rates ranging from 5.63% to 6.25%. The loan principal payments begin June 1, 2025 and continue through June 1, 2041.

The Schools receive a direct subsidy of 28.4% from the United States Government that reduces its interest costs. The Schools have no assurance that the United States Government will continue to make the direct subsidy payments or that the United States Congress will not attempt to reduce the amount of the direct subsidy payments. Interest subsidies related to the BABS during the year ended June 30, 2017 totaled \$160,402. The Schools received a portion of this subsidy based on the ratio of their debt to the total debt.

In December 2015, the Schools, through the City of Oak Ridge, issued \$9,140,000 in General Obligation Refunding Bonds, Series 2015A, to refund outstanding general obligation debt.

In December 2015, the Schools, through the City of Oak Ridge, issued \$9,445,000 in General Obligation Refunding Bonds, Series 2015B, to refund outstanding general obligation debt.

**Qualified Zone Academy Bonds**

Qualified Zone Academy Bonds ("QZAB") consisted of the following at June 30, 2017:

Series 2004 QZAB issue of \$7,049,360 maturing in 2021 (Interest Free)	\$ 1,762,340

**Qualified Zone Academy Bonds (Continued)**

The Schools, through the City of Oak Ridge, issued \$7,049,360 in QZAB in fiscal year 2005 and \$1,032,500 in fiscal year 2006. QZAB's are a federal program, administered through state departments of education, which provides interest free loans to finance eligible school renovations. The Tennessee Department of Education and the State Comptroller's Office are administrators of the loan. The Foundation will fund the Schools' required private contribution. Immediately upon issuance, the debt proceeds were deposited with the State to be drawn by the Schools as expenditures occur. A \$509,418 annual loan payment is scheduled each year through December 2021. The actual payment required by the City will be adjusted by the State each year, reflecting an adjustment for interest earned on the bond escrow account.

**Notes Payable**

Notes payable consisted of the following at June 30, 2017:

2008 note payable of \$7,752,287 loan agreement TMBF, maturing in 2027 with a variable interest rate of 1.78% (as of June 30, 2017)	\$ 7,632,288
2009 note payable of \$21,140,000 loan agreement Series 2009 Bonds VII-E-1, maturing in 2036 with a variable interest rate of 3.95% (as of June 30, 2017)	21,140,000
2009 note payable of \$4,735,000 loan agreement Series 2009 Bonds VI-M-1, maturing in 2029 with a variable interest rate of 4.00% (as of June 30, 2017)	<u>4,735,000</u>
	<u>\$ 33,507,288</u>

During the year ended June 30, 2008, the Schools, through the City of Oak Ridge, entered into a \$4,945,987 loan agreement with the Tennessee Municipal Bond Fund ("TMBF") program to fund a portion of the Oak Ridge High School ("ORHS") project. Scheduled principal payments continue through 2027. The interest rate is variable and was approximately 1.78% for the year ended June 30, 2017. During the year ended June 30, 2009, the Schools borrowed an additional \$2,806,300 for the ORHS project.

During 2009, the Schools, through the City of Oak Ridge, issued Series VI-M-1 bonds for \$4,735,000. The bonds were used in a current refunding of the 2006 Series VI-H-1 bonds (see Note 6 and Note 7). Principal payments begin in 2026 with maturity in 2029. Annual interest payments are amortized using a variable interest rate, which was approximately 3.95% for the year ended June 30, 2017.

During the year ended June 30, 2009, the Schools, through the City of Oak Ridge, issued Series VII-E-1 bonds for \$21,140,000. The bonds were used to refinance a \$10,000,000 loan agreement with the Public Building Authority of Sevier County as part of the TN-Loans program originally issued on December 1, 2004. The bonds were also used to refinance an \$11,000,000 portion of the \$15,675,000 loan agreement with the Public Building Authority of Sevier County as part of the TN-Loans program originally issued on November 22, 2006. Principal payments begin in 2029 with maturity in 2036. The bonds retain the interest rate swap agreements that were associated with the loan agreements that were refinanced (see Note 6 and Note 7). Annual interest payments are amortized using a variable interest rate, which was approximately 4.00% for the year ended June 30, 2017.

5. Long-Term Debt (Continued)

**Capitalized Lease Obligations**

Capitalized Lease Obligations consisted of the following at June 30, 2017:

\$1,511,253 issuance, maturing in 2018, with an interest rate of 3.22%      \$ 810,677

On August 24, 2015, the Schools entered into a \$1,511,253 capitalized lease purchase agreement with California First National Bank for the purchase of technology equipment. Of the technology equipment included in the lease purchase agreement, all \$1,511,253 was capitalized. Terms of the lease require initial payment of \$313,000 and three annual payments of \$425,000 at 3.217% interest through August 10, 2018.

**Debt Service Requirements – All Long-Term Debt**

The annual debt service requirements of all long-term debt as of June 30, 2017 is as follows:

6. Interest Rate Swap

**\$15,675,000 Swap**

On November 22, 2006, the Schools, through the City of Oak Ridge, entered into a \$15,675,000 loan agreement with the Public Building Authority of Sevier County as part of the TN-LOANS program to fund a portion of the costs for renovation and new construction of the Oak Ridge High School Project. Principal payments are to occur on the loan from 2025 to 2036. Under its loan agreement, the Public building Authority of Sevier County, TN (the "Authority"), at the request of the City, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series VI-H-1. The \$15,675,000 interest rate swap is classified as an investment derivative due to the hedge becoming ineffective during the year ended June 30, 2010 and continues to be ineffective for the year ended June 30, 2017 (See Note 7).

**Objective of the Interest Rate Swap** – In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the City requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$15,675,000 Series VI-H-1 variable-rate bonds. The intention of the swap was to effectively change the City's variable interest rate on the bonds to a synthetic fixed rate. \$11,000,000 of the Series VI-H-1 bonds have since been refunded with a portion of the proceeds of the Series VII-E-1 bonds; the related portion of the interest rate swap is now associated with the Series VII-E-1 bonds. The remaining \$4,675,000 of the Series VI-H-1 bonds have since been refunded with a portion of the Series VI-M-1 bonds; the related portion of the interest rate swap is now associated with the Series VI-M-1 bonds.

6. Interest Rate Swap (Continued)

**\$15,675,000 Swap (Continued)**

**Terms** – Under the swap, the Authority pays the counterparty a fixed payment of 3.536% and receives a variable payment computed as 63% of the five-year London Interbank Offered Rate (LIBOR). The swap has a notional amount of \$15,675,000 and the associated variable-rate bond has a \$15,675,000 principal amount. At no time will the notional amount on the interest rate swap agreement exceed the outstanding principal of the Series VII-E-1 bonds and/or Series VI-M-1. The bonds' variable rates have historically approximated the Securities Industry and Financial Markets Association Index (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2036.

As of June 30, 2017, rates were as follows:

	Terms	Rates
Fixed Payment to Counterparty	Fixed	3.536 %
Variable Payment from Counterparty	% of LIBOR	(1.234)
Net Interest Rate Swap Payments		2.302
Variable-Rate Bond Coupon Payments		1.418
On-going Variable-Rate Bond Payments		0.200
Effective Synthetic Interest Rate on Bonds		3.920 %

**Fair Value** – As of June 30, 2017, the swap had a negative fair value of (\$3,371,519). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

**Credit Risk** – As of June 30, 2017, the City was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the City would be exposed to credit risk in the amount of the derivative's fair value. In order to mitigate the potential for credit risk, the Authority, on behalf of the City, entered into the interest rate swap agreement with Depfa Bank, who was rated "A+" by Standard and Poor's, "AA-" by Fitch Ratings and "Aa3" by Moody's Investor Service at the time the interest rate swap agreement was entered into. If Depfa's credit rating is downgraded, the counterparty is required to post collateral with a third-party custodian. As of June 30, 2017, Depfa's credit rating had been downgraded and was rated "Ba1/A" by Moody's, Standard and Poor's, and Fitch Ratings, respectively. The counterparty has posted all collateral requirements with a third-party custodian.

**Basis Risk** – As noted above, the swap exposes the City to basis risk should the rate on the bonds increase to above 63% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 63% of LIBOR, then the synthetic rate on the bonds will decrease.

6. Interest Rate Swap (Continued)

**\$15,675,000 Swap (Continued)**

Termination Risk – The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an “additional termination provision.” The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap’s fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap’s fair value.

Swap Payments and Associated Debt – As of June 30, 2017, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Fiscal Year Ending June 30	Variable Rate Bonds		Net Interest Rate Swap Payment	Total
	Principal	Interest		
2018	\$ 0	\$ 222,259	\$ 360,911	\$ 583,169

**\$10,000,000 Swap**

On December 1, 2004, the Schools, through the city of Oak Ridge, entered into a \$10,000,000 loan agreement with the Public Building Authority of Sevier County as part of the TN-LOANS program to fund a portion of the costs for renovation and new construction of the Oak Ridge High School Project. Principal payments are to occur on the loan from 2031 to 2033. Under its loan agreement, the Public Building Authority of Sevier County, TN (the “Authority”), at the request of the City, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series VI-D-3. The \$10,000,000 interest rate swap is classified as an investment derivative due to the hedge becoming ineffective during the year ended June 30, 2011 and continues to be ineffective for the year ended June 30, 2017 (See Note 7).

Objective of the Interest Rate Swap – In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the City requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$10,000,000 Series VI-D-3 variable-rate bonds. The intention of the swap was to effectively change the City’s variable interest rate on the bonds to a synthetic fixed rate. The Series VI-D-3 bonds have since been refunded with a portion of the proceeds of the 2009 Series VII-E-1 bonds and the interest rate swap is now associated with the Series VII-E-1 bonds.

6. Interest Rate Swap (Continued)

**\$10,000,000 Swap (Continued)**

Terms – Under the swap, the Authority pays the counterparty a fixed payment of 3.725% and receives a variable payment computed as 63.50% of the five-year London Interbank Offered Rate (LIBOR). The swap has a notional amount of \$10,000,000 and the associated variable-rate bond has a \$10,000,000 principal amount. At no time will the notional amount on the interest rate swap agreement exceed the outstanding principal of the Series VII-E-1 bonds. The bonds' variable rates have historically approximated the Securities Industry and Financial Markets Association Index (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2033.

As of June 30, 2017, rates were as follows:

	Terms	Rates
Fixed Payment to Counterparty	Fixed	3.725 %
Variable Payment from Counterparty	% of LIBOR	(1.243)
Net Interest Rate Swap Payments		2.482
Variable-Rate Bond Coupon Payments		1.418
On-going Variable-Rate Bond Payments		0.200
Effective Synthetic Interest Rate on Bonds		4.100 %

Fair Value – As of June 30, 2017, the swap had a negative fair value of (\$2,495,832). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

Credit Risk – As of June 30, 2017, the City was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the City would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Raymond James Financial Products ("RJFB" formerly Morgan Keegan Financial Products) was rated "BBB" by Standard and Poor's as of June 30, 2017, with its Credit Support Provider, Deutsche Bank, rated "Baaz/A-/A-" by Moody's, Standard & Poor's and Fitch, respectively.

Basis Risk – As noted above, the swap exposes the City to basis risk should the rate on the Bonds increase to above 63.5% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the Bonds to be below 63.5% of LIBOR, then the synthetic rate on the bonds will decrease.

Termination Risk – The swap contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

7. Derivative Instruments

At June 30, 2017, the Schools had the following derivative instruments outstanding:

Instrument/Type	Objective	Original Notional Amount	Effective Date	Maturity Date	Terms
<u>Interest Rate Swap:</u>					
\$15,675,000 Swap	Variable to Synthetic Fixed Rate Swap	\$15,675,000	11/22/2006	06/01/2036	Pay 3.536% and received 63% of five year LIBOR

7. Derivative Instruments (Continued)

Interest rate swaps are classified as a hedging derivative instrument if the instrument meets certain effectiveness criteria established by GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. The interest rate swap agreements described above did not meet criteria to be an effective hedge; therefore, these swaps are classified as investment derivatives.

8. Other Long-Term Liabilities

Changes in other long-term liabilities for the year ended June 30, 2017 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
OPEB Obligations	\$ 6,970,548	\$ 731,950	\$ (506,461)	\$ 7,196,037	\$ -
Compensated Absences	363,098	19,312	-	382,410	382,410
Termination Benefits	308,924	320,621	(58,922)	570,623	93,450
<b>Total</b>	<b>\$ 7,642,570</b>	<b>\$ 1,071,883</b>	<b>\$ (565,383)</b>	<b>\$ 8,149,070</b>	<b>\$ 475,860</b>

The Schools use the General Purpose School Fund to liquidate the liability for compensated absences and termination benefits payable for governmental activities. The State of Tennessee makes on-behalf payments for the other postemployment benefit (OPEB) obligation as described in Note 17. Compensated absences are considered a current liability due to prior years' experience of paying these amounts within one year. Other postemployment benefit obligations and termination benefits are described in Note 16 and Note 18, respectively.

9. Fund Balances

The amounts reported on the balance sheets of the governmental funds as non-spendable, restricted and committed as of June 30, 2017 consists of the following:

Governmental Funds	Fund Balances		
	Non-Spendable	Restricted	Committed
General Purpose School Fund	\$ 96,315	\$ (7,883)	\$ 804,306
School Federal Projects	-	-	-

10. Net Position

Net position represents the difference between assets, liabilities and deferred inflows of resources. Net position at June 30, 2017 is as follows:

	<u>Governmental Activities</u>	
	<u>Primary Government</u>	<u>Component Unit – Foundation</u>
Net Investment in Capital Assets:		
Net Capital Assets	\$ 63,391,626	\$ -

Total	<u>\$ (17,809,545)</u>	<u>\$ 4,902,025</u>

Restricted net position for career ladder is a bonus program to incentivize school staff to attain additional education beyond their degree.

11. Local Taxes

In accordance with various state laws, the Schools receive a pro-rata share of property taxes, local option sales taxes, mineral severance taxes and mixed drink taxes from Anderson and Roane counties. These local taxes are divided between Oak Ridge Schools and the respective county schools based upon the annual weighted-average daily attendance.

The counties assess the property values, set the tax rate, bill and collect the taxes. County property taxes are based upon assessments on January 1, levied on October 1 and becoming delinquent the following March 1. Penalties and interest on delinquent property taxes are recognized when collected.

The local option sales tax, mineral severance tax and mixed drink tax are collected by the Tennessee Department of Revenue and remitted to the counties and then remitted to the Schools.

The Schools recognized the following local tax revenues in the General Purpose School Fund during the year ended June 30, 2017:

	<u>Amount</u>	<u>% of Revenues</u>
Property Taxes	\$ 10,520,679	17.78%
Local Option Sales and Mineral Severance Taxes	4,711,918	7.96%

12. Interfund Receivables, Payables and Transfers

Transfers between the individual funds and the City of Oak Ridge during the year ended June 30, 2017 were as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
<u>Governmental Activities:</u>		
General Purpose School Fund	City's General Fund	\$ 15,493,963
General Purpose School Fund	Schools Federal Projects Fund	93,899
Other Education Special Revenue Fund	General Purpose School Fund	68,773
General Purpose School Fund	Extended School Program	10,000

The City provides an annual operating transfer from its General Fund to the Schools' General Purpose School Fund. The transfer of \$15,493,963 during the year ended June 30, 2017 was \$26.18% of total revenues and other sources. The transfer of \$93,899 from the Schools Federal Projects Fund is for indirect costs. The transfer of \$68,773 to the Other Education Special Revenue Fund is considered the Schools' local match for the Family Resource Program grant. The transfer of \$10,000 from the Extended School Program is for indirect costs.

In order to account for certain capital outlays, debt issuance and debt service payments for school related projects made by the City during the current year, the following transfers were recorded:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>	<u>Purpose</u>
<u>Governmental Activities:</u>			
General Purpose School Fund	City Debt Service Fund	\$ 6,452,176	Debt Service
General Purpose School Fund	City Capital Projects Fund	57,715	Capital Projects

During 2017, the Foundation made a \$402,785 payment to the City to fund school related debt. A detailed listing of interfund receivables and payables at June 30, 2017 is as follows:

<u>Due From</u>	<u>Due To</u>	<u>Amount</u>
<u>Governmental Activities:</u>		
School Federal Projects Fund	General Purpose School Fund	\$ 378,742
Governmental Activities Total		<u>\$ 378,742</u>

In the fund financial statements, interfund receivables and payables from short-term borrowings between the funds is primarily due to federal grant activity and are classified as "due to/from other funds." The governmental activities amounts are eliminated in the departmental-wide statement of net position.

13. Budget Amendments

The Schools amended the budgeted expenditures for the year ended June 30, 2017 as follows:

<u>Governmental Fund</u>	<u>Original Budget</u>	<u>Changes in Appropriations</u>	<u>Final Budget</u>
General Purpose School Fund	\$ 53,580,982	\$ 588,572	\$ 54,169,554

Extended School Program Fund	425,237	-	425,237
Central Cafeteria Fund	1,993,601	25,000	2,018,601

The additional appropriations were approved by the Board of Education and City Council as required.

14. Risk Management

Oak Ridge Schools is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Schools' loss exposure for general liability and worker's compensation is limited by state law.

The Schools maintain general liability, auto liability, auto physical damage, errors and omissions, and worker's compensation insurance through the Tennessee Risk Management Trust ("TNRMT"), a public entity risk pool operated as a risk-sharing program by the Tennessee School Board Association ("TSBA"). This pool is sustained by member premiums and, because the pool has excess aggregate and individual claim loss reinsurance coverage, management considers any related credit risk to be insignificant.

The Schools continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

15. Public Employee Retirement System

**Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS**

*Plan description.* Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Oak Ridge Schools are provided with pensions through the Teacher Legacy Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by the state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

*Benefits provided.* Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 60 and vested or pursuant to the rule of 80. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as service related retirement benefits but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

*Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5 percent of salary. LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept state shared taxes of the sponsoring governmental entity of the LEA if required employer contributions are not remitted. Employer contributions by Oak Ridge Schools for the year ended June 30, 2017 to the Teacher Retirement Plan were \$68,033 which is 4.00 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by the members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pension**

*Pension liabilities (assets).* At June 30, 2017, Oak Ridge Schools reported an asset of \$22,342 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2016, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. Oak Ridge Schools' proportion of the net pension asset was based on Oak Ridge Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2016, Oak Ridge Schools' proportion was 0.214610 percent. The proportion measured as of June 30, 2015 was 0.257217 percent.

*Pension Expense.* For the year ended June 30, 2017, Oak Ridge Schools recognized pension expense of \$18,804.

*Actuarial assumptions.* The total pension liability as of June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustment	2.5 percent

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%

*Actuarial assumptions (continued)*

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

*Discount rate.* The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the net pension liability (asset) to changes in the discount rate.* The following presents the net pension liability (asset) of Oak Ridge Schools calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	<b>1% Decrease (6.5%)</b>	<b>Current Discount Rate (7.5%)</b>	<b>1% Increase (8.5%)</b>
Oak Ridge Schools' proportionate share of the net pension liability (asset)	\$ 10,550	\$ (22,342)	\$ (46,576)

**Payable to the Pension Plan**

At June 30, 2017, Oak Ridge Schools reported a payable of \$18,496 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2017.

**Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS**

*Plan description.* Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Oak Ridge Schools are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Pension liabilities.* At June 30, 2017, the Oak Ridge Schools reported a liability of \$4,465,739 for its proportionate share of net pension asset. The net pension asset was measured as of June 30, 2016, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. Oak Ridge Schools' proportion of the net pension liability was based on Oak Ridge Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2016, Oak Ridge Schools' proportion was 0.714582 percent. The proportion measured as of June 30, 2015 was 0.662651 percent.

*Pension expense.* For the year ended June 30, 2017, Oak Ridge Schools recognized a pension expense of \$615,494.

Oak Ridge Board of Education Hybrid With Cost Controls' net pension liability (asset) was measured as of June 30, 2016, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial assumptions.* The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation

**Payable to the Pension Plan**

At June 30, 2017, Oak Ridge Board of Education Hybrid With Cost Controls reported a payable of \$10,312 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2017.

**Oak Ridge Schools Non-Teacher Legacy Plan**

*Plan description.* Employees of Oak Ridge Schools are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

*Benefits provided.* Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

*Employees covered by benefit terms.* At the measurement date of June 30, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	211
Inactive employees entitled to but not yet receiving benefits	212
Active employees	<u>177</u>
	<u>600</u>

*Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Oak Ridge Schools makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2017, the employer contributions for Oak Ridge Schools were \$597,465 based on a rate of 10.05 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Oak Ridge Schools' state shared taxes if required employer contributions are not remitted. The employer's ADC and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Net Pension Liability (Asset)**

Oak Ridge Schools' net pension liability (asset) was measured as of June 30, 2016, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial assumptions.* The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost-of Living Adjustment	2.5 percent

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included some adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2016 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges

of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		<hr/> 100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on blending of the three factors described above.

*Discount rate.* The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Oak Ridge Schools will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

16. Postemployment Healthcare Plan

**Plan Description** – The Oak Ridge Schools participate in the state-administered Teacher Group Insurance Plan (the “Plan”) for healthcare benefits. For accounting purposes, the Plan is an agent multiple-employer defined benefit other postemployment benefit (“OPEB”) plan. Benefits are established and amended by an insurance committee created by TCA § 8-27-302 for teachers.

Prior to reaching the age of 65, all members have the option of choosing a preferred provider organization (“PPO”), point of service (“POS”), or health maintenance organization (“HMO”) plan for healthcare benefits. Subsequent to age 65, members who are also in the state’s retirement system may participate in a state-administered Medicare supplement plan that does not include pharmacy.

The plans are reported in the State of Tennessee CAFR. The CAFR is available on the State’s website at <http://www.tn.gov/finance/act/cafr.shtml>.

**Funding Policy** – The premium requirements of plan members are established and may be amended by the insurance committee. The plans are self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop their own contribution policy in terms of subsidizing active employees or retired employees’ premiums since the committee is not prescriptive on that issue. The state does provide a partial subsidy to the Schools’ pre-age 65 teachers and a full subsidy based on years of service for post-age 65 teachers in the Medicare Supplement Plan.

**Annual OPEB Cost and Net OPEB Obligation** – The Schools’ annual OPEB cost and net OPEB obligation for the current year and prior year was as follows:

	Teacher Group Insurance Plan	
	June 30, 2017	June 30, 2016
Annual Required Contributions (ARC)	\$ 733,000	\$ 709,000

Annual Covered Payroll	<u>\$29,928,997</u>
Ratio of the Unfunded Actuarial Liability to Annual Covered Payroll	<u>22.92%</u>

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as Required Supplementary Information ("RSI") following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**Actuarial Methods and Assumptions** – Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2015 actuarial valuation for each plan, the Projected Unit Credit actuarial cost method was used. The actuarial assumptions included a 4 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 7.5 percent initially for the Employee Group, and the Local Education plans. The rate decreases to 7 percent in fiscal year 2017, and then will reduce by decrements to an ultimate rate of 4.7 percent in fiscal year 2044. All rates include a 2.5 percent inflation assumption. Premium subsidies in the Medicare Supplement plan are projected to remain unchanged and, consequently, trend rates are not applicable. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30 year period beginning with July 1, 2007. Payroll is assumed to grow at a rate of 3 percent.

17. On-Behalf Payments

The State of Tennessee made the following on-behalf payments during the year ended June 30, 2017:

**Medicare Supplement Plan** – Since teachers are considered state employees per state statutes, the State of Tennessee makes a contribution (on-behalf payment) for retired teachers to this Plan through the TCRS. The on-behalf payment for 2017 was \$62,663 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

**Teacher Group Insurance Plan** – The State of Tennessee makes a contribution (on-behalf payment) for retired teachers who participate in the State-administered Teacher Group Insurance Plan through TCRS as described in Note 16. The on-behalf payment for 2017 was \$106,416 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

18. Termination Benefits

The Schools provide voluntary termination benefits for professional employees who agree to retire before age 65. For employees who retire at age 60 or after 30 years of creditable service in TCRS with at least 10 years of service with the Schools, the Schools pay 85% of the retirees' individual health insurance premiums for five years or until the retirees reach age 65. The Schools fund their contributions on a pay-as-you-go basis. During 2017, the Schools paid approximately \$58,922 to 21 retirees, which has been recorded as a expenditure in the General Purpose School Fund.

The estimated liability and expense of the termination benefits reported in the Schools' departmental-wide financial statements is \$570,623. Termination benefits are measured at the discounted present value of expected future benefit payments. The Schools used a discount rate of 1.81% and a projected annual healthcare cost trend rate of 12.0% to estimate the effect of making these payments over a five year period.

19. Economic Concentration

A significant number of taxpayers in the City of Oak Ridge are employed by the U.S. Department of Energy (DOE) or their contractors. DOE and related federal government contractors operations are contingent upon annual U.S. congressional appropriations; therefore, a reduction in DOE related operations could have a significant effect upon the future operations of the Oak Ridge Schools.

The Schools receive annual funding from the State of Tennessee, City of Oak Ridge and Anderson and Roane Counties. The amount of revenue and other financing sources earned in the year ended June 30, 2017 in the General Purpose School Fund financial statements are as follows:

<u>Source</u>	<u>Amount</u>	<u>% of Revenues</u>
State of Tennessee	\$21,168,328	35.77%
City of Oak Ridge	22,003,854	37.18%
Anderson and Roane Counties	15,232,082	25.74%
Federal Government	80,803	0.14%
Total	<u>\$58,485,067</u>	<u>98.83%</u>

Any reduction in funding from these sources could have a significant effect upon the future operations of the Schools.

20. Excess of Expenditures Over Appropriations

As required by the Tennessee Comptroller of the Treasury, Division of Local Governmental Audit, the Schools have prepared GASB Statement No. 34 departmental-wide financial statements for the fiscal year ended June 30, 2017. As a result during 2017, the General Purpose School Fund expenditures exceeded appropriations by \$4,750,307.

21. Prior Period Adjustment

An adjustment to the beginning net position on the departmental-wide financial statements totaling \$6,378,350 has been recognized to record entries for school debt previously unreported for the year ended June 30, 2016.

22. Contingencies

From time to time, we may be and have been named in a lawsuit. At June 30, 2017, we do not believe that any claims have merit and intend to vigorously defend our position.

23. Subsequent Events

**Debt** – The City has been awarded a \$3,000,000 Energy Efficiency loan for energy efficiency school projects. Also, the City has entered into a Debt Funding and Refunding Series 2017, in which approximately \$1,000,000 of new debt will be issued that will be attributed to the Schools for the new Preschool.

We have evaluated events subsequent to the year ended June 30, 2017. As of December 15, 2017, the date the financial statements were available to be issued, no other events subsequent to the Statement of Net Position date are considered necessary to be included in the financial statements for the year ended June 30, 2017.

Notes: The City of Oak Ridge is located in two Tennessee Counties: Anderson and Roane.

Overlapping rates are those of county governments that apply to property owners within the City of Oak Ridge. Approximately 16% of the taxable parcels (2,330 of 14,671) are located in the Roane County portion of the City.

The City's basic property tax rate may be increased only by a majority vote of the Oak Ridge City Council.

The City's base tax rate is the total direct rate.

- (1) Each governmental unit operates under different property tax assessment rolls which were certified at the time of their most recent reappraisal programs (Oak Ridge, Anderson County and Roane County - 2010 (fiscal year 2011) and 2015 (fiscal year 2016)).

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Education  
Oak Ridge Schools  
Oak Ridge, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Oak Ridge Schools (the Schools), Oak Ridge, Tennessee, a special revenue fund of the City of Oak Ridge, Tennessee, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements, and have issued our report thereon dated December 15, 2017. Our report includes a reference to other auditors who audited the financial statements of the Oak Ridge Public Schools Education Foundation, Inc. (the Foundation), a discretely presented component unit, as described in our report on the Schools' financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of the Schools' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Education  
Oak Ridge Schools  
Oak Ridge, Tennessee

**Report on Compliance for Each Major Federal Program**

We have audited the Oak Ridge Schools (the Schools), Oak Ridge, Tennessee's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Schools' major federal programs for the year ended June 30, 2017. The Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Schools' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Schools' compliance.

**Opinion on Each Major Federal Program**

In our opinion, the Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

## Report on Internal Control Over Compliance

Management of the Schools is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Schools' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Schools' internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charges with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be a material weakness or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
