Board of Education Oak Ridge Schools Oak Ridge, Tennessee

Annual Comprehensive Financial Report: (ACFR)

The Annual Comprehensive Financial Report ("ACFR") of Oak Ridge Schools (the "Schools") for the year ended June 30, 2022, is submitted herewith. This report was prepared by the Schools' Business Services Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with Oak Ridge Schools. Oak Ridge Schools believe the data, as it is presented and has been submitted to the independent auditing firm, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial activity of all various funds; and that it contains all disclosures necessary to enable the reader to gain a complete understanding of the Schools' financial activities. This report includes all funds of the Schools and discusses in greater detail its financial position in the narrative to follow, the introduction, and the additional analysis sections of the analysis that cover the Schools' financial operating procedures, in addition to the financial highlights.

The ACFR for the year ended June 30, 2022, is presented in accordance with the reporting model adopted by the Governmental Accounting Standards Board ("GASB") Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments issued in June 1999. The presentation of the ACFR includes: The Oak Ridge Schools' department-wide financial statements, fund financial statements, notes to the financial statements and required supplementary information. An additional section in the ACFR is the introductory section which includes this transmittal letter, the Schools' organizational chart and a list of principal officials and how corresponding departments are organized to be financially efficient for the betterment of educating our students.

All combined and individual fund statements and schedules as required by law, for all major funds are included, along with required schedules as required by the Tennessee Comptroller of the Treasury. The statistics provided within were selected from all financial and demographic information, generally presented on a multiyear basis. The Schools are required to undergo an annual single audit in conformity with provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and under the direction of the Office of the Comptroller of the Treasury of the State of Tennessee.

Information related to this single audit, including the audit findings and recommendations, and independent auditor's reports on internal control and compliance with applicable laws and regulations, is included in the Internal Control and Compliance Section.

The remainder of this transmittal highlights the governance structure, the mission, the accomplishments and initiatives, the economic conditions and outlook, and the financial activities of the Schools.

Governance

The governance of the Schools is overseen by a five-member board of education (the "Board") that is elected by the citizens. Each member is elected to a four-year term with the elections being staggered so that not all positions are voted on during the same year.

Board meetings are scheduled the third Monday of the month and are held in the Schools' Administration Building. Regular work sessions may be scheduled when necessary and held at the Schools' administration building conference room. Special meetings are scheduled as needed and announced in compliance with public notice requirements, never allowing a meeting to be circumvented, but rather simply moved to account for at least one meeting per month on average. The Board has final control over local school matters limited only by the City Charter, state legislature, by the courts, and by the will of the people as expressed in School Board elections. Board decisions are based on majority vote of a quorum of the Board.

In general, the Board adopts policies, sets direction for curriculum, employs the superintendent and oversees the operations of the Schools, including the Business and Operations Department. The Board is also responsible for setting salaries, acting as a board of appeals in personnel and student matters, confirming recommendations for textbook adoptions, and adopting and amending the annual budget as recommended by the Superintendent.

The Board has responsibilities and control over all activities related to the public school education within the City's boundaries. Even though there is considerable association between such other entities as the Anderson and Roane counties Boards of Education, this report is restricted, only, to the actual activities of Oak Ridge Schools.

Vision

Every student prepared for college, career and life success.

Mission

Provide an adaptive and challenging learning environment and instruction that prepares each student for excellence in education and the workplace, while cultivating integrity, responsibility and a sustained passion for continued learning.

History and Outlook

Oak Ridge Schools started on October 4, 1943, when 637 students enrolled in three schools: the High School, Robertsville and Elm Grove. From that date, Oak Ridge Schools have provided quality education and continued the tradition begun during the Manhattan Project.

One reason Alden Blankenship gave for accepting the challenge to be Oak Ridge Schools' first Superintendent of Schools was, "In such a situation it might be possible to make schools real community centers. The program could surely be planned to meet the actual needs of the children. There would be no sacred customs or traditions barring one's way. In spite of the existing shortage of teachers, a system of merit would be established with no political strings attached. Recruiting personnel from all parts of the nation to fit into community of as cosmopolitan a makeup as this promised to be quite an adventure in itself."

That was the beginning. One man saw the possibility and created the vision that was quickly implemented, that was quickly accepted by the administrative staff, parents and teachers alike. It required work, but it provided enormous rewards immediately and ongoing. Nothing like it had ever been attempted before.

Oak Ridge City Historian, Bill Wilcox, has said of those early years, "the bar was set very high those first four formative years in terms of academic standards and expectations." We find the same situation existing today in Oak Ridge Schools. The "bar" of achievement has been raised by new standards being imposed and a changing demographic in our student population. Our schools must respond, as did Blankenship.

Only by having the best staff and teachers, the most engaged parents, the communities and neighborhoods pulling strongly together behind their schools, can Oak Ridge Schools hope to meet the new challenges of higher state standards, changing demographics and the requirement to ensure that all students achieve to their highest potential.

The Oak Ridge Schools started with a most unusual requirement, they had to be top-notch, and absolutely nothing less was acceptable. General Groves demanded it and Blankenship saw to it. Groves was smart enough to give Blankenship his appointment and encouraged him to reach for the sky and he did.

The same is true today for Oak Ridge Schools. Historically, Oak Ridge Schools began with the standards so high that only the very best teachers and administrators could guide the educational process sufficiently to achieve the standards. The children who were placed in the schools by the scientist, engineers, craftsmen, and others who brought their families to Oak Ridge to help win WWII, were obviously given the best education possible at the time.

In the 2022 fiscal year, Oak Ridge City Schools were comprised of a preschool serving 237 students (ages 3-4), four elementary schools serving 1,663 students, two middle schools serving 1,427 students, and one high school serving 1,484 students. With a licensed staff of 393, our 680 employees work hard each day for our students. Eighty-two percent of our teachers hold a master's level degree and above.

Highlights of the Oak Ridge Schools Fiscal Year 2022 Finances

Revenues

The major sources of revenues for Oak Ridge Schools are Anderson and Roane counties, the State of Tennessee, the City of Oak Ridge, and the Federal Government.

County Revenues

County revenues come from two primary sources, property and sales tax, and are allocated to school systems based on their proportion of student attendance. The fiscal year ("FY") 2022 budget contained a projected increase in County funds of \$1,241,415 over the FY 2021 budgeted amount. County funds represented approximately 30.36% of the Oak Ridge Schools FY 2022 adopted budget.

State Revenues

Representing approximately 40.16% of total budget revenues for the Oak Ridge Schools' budget, state funds must be used for programming guidelines of the Education Improvement Act and the BEP 2.0. The Basic Education Program funding ("BEP") is a proportional funding formula based on a number of factors which include: number of certified staff, average daily attendance, and insurance and retirement costs among others. Overall, the projected state funds increased by \$594,000. It should be noted that FY 1998 was the last year our system received BEP phased-in funding increases. Beginning in FY 1999 and in future years, all increases or decreases will be dictated primarily by student enrollment and fluctuations in State funds for teacher salaries and health insurance, etc. BEP 2.0 funding initiatives began in FY 2008 with specific spending requirements.

City Revenues

Funds from the City of Oak Ridge were budgeted with a \$ - 0 - increase for FY 2022 Budget. Overall City funding represents approximately 25.16% of total school revenues.

Staff Development

Oak Ridge Schools believe the key to excellence of our school system will continue to be a highly qualified and dedicated staff with the encouragement and support to pursue innovated learning strategies. The goal of Oak Ridge Schools Professional Development is to improve classroom instructions in order to increase student achievement, student growth, and system-wide cohesion. The budget provides opportunities at both the building level and the system level for staff development tied to district and school goals.

Special Education-At-Risk

Programming and services for special education are available to students who are eligible under one or more of the disability categories identified by IDEA. Certifying specialists address all referrals and determine a child's eligibility using TN standards for Disability Evaluation and Eligibility. Oak Ridge Schools requires special education staff to develop an appropriate Individualized Education Plan (IEP) with direct services, modifications, accommodations, and or/related services. All staff serving on an individual student's team are responsible for the implementation of the IEP.

Technology Initiatives

The Oak Ridge Schools District operates with an annual Technology Plan. This plan calls for continued sustainability of the one to one device initiative for grades K-12, instructional and administrative software, and staff training. The technology department will continue to make technology available, capable, and reliable to students, teachers, administrators, and support staff throughout the system.

Other Information

Internal Controls

An internal controls structure that has been designed, managed and maintained by the Schools is in place to ensure the district's assets are protected from loss, theft and misuse and to ensure that accurate accounting data is compiled in the preparation of the financial statement in conformity with U.S. Generally Accepted Accounting Principles ("GAAP"). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The Business and Support Services organization chart is attached. In complying with GAAP, Oak Ridge Schools implements all applicable GASB accounting pronouncements.

Independent Audit

State law and the City Charter require an annual audit of the accounts and financial records of the Schools by independent certified public accountants selected by the Board of Education. Brown Jake & McDaniel, P.C. has issued an unqualified opinion on the financial statements of Oak Ridge Schools for the year ended in June 30, 2022. The independent auditors' report has been included in this report at the front of the financial section.

Management's Discussion and Analysis ("MD&A")

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the financial statements in the form of the MD&A. This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The Schools' MD&A can be found immediately following the Independent Auditor's Report.

Acknowledgements

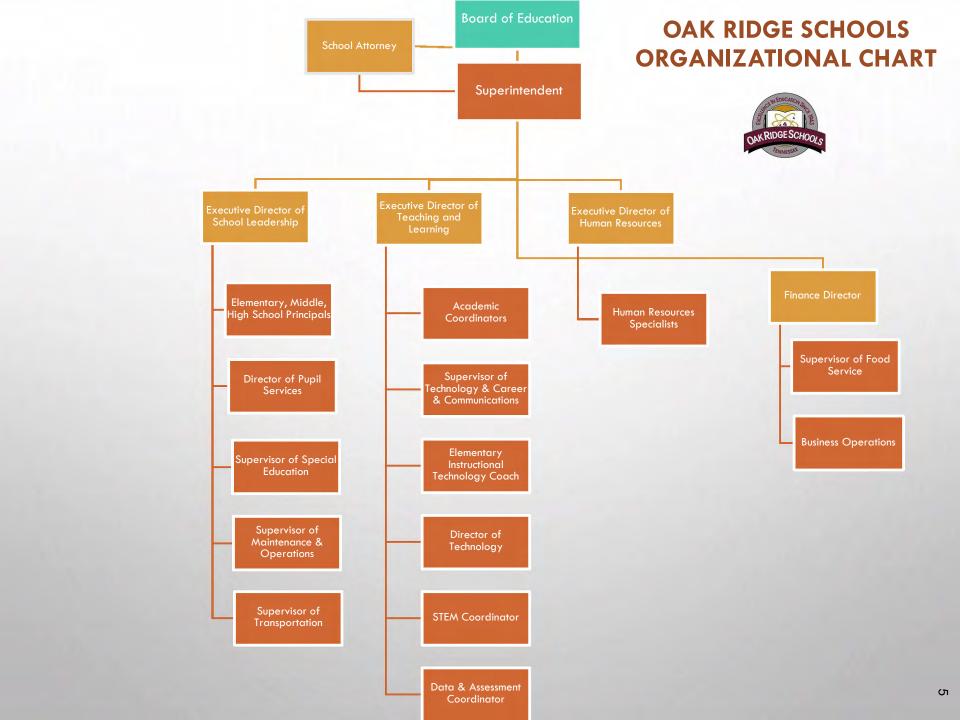

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Business Services Department. We would like to express our appreciation to all members of the department who assisted and contributed to its preparation.

We also wish to thank members of the Board of Education for their continued consideration and support, and for planning and conducting the financial operations of the Schools in a responsible and progressive manner.

Respectfully submitted,

Laile Organ

Independent Auditor's Report

Board of Education Oak Ridge Schools Oak Ridge, Tennessee

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparison statements of the General Purpose School Fund and School Federal Projects Fund of the Oak Ridge Schools (the "Schools"), Oak Ridge, Tennessee, a special revenue fund of the City of Oak Ridge, Tennessee, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information and the respective budgetary comparison statements of the General Purpose School Fund and the School Federal Projects Fund of the Oak Ridge Schools, Oak Ridge, Tennessee, as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation"), a discretely presented component unit, which represents \$5,544,422, \$5,544,422, and \$584,461, respectively, of the assets, net position, and changes in net position (losses) of the discretely presented component unit. as of December 31, 2021, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, in so far as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Oak Ridge Schools (the "Schools") and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Schools are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities, discretely presented component units, each major fund, the aggregate remaining fund information of the City of Oak Ridge, Tennessee that is attributable to the transactions of the Schools. They do not purport to, and do not, present fairly the financial position of the City of Oak Ridge, Tennessee as of June 30, 2022, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting

principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Oak Ridge Schools (the "Schools") ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Schools' ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 19 and the required supplementary information on pages 87 through 96 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the

methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Schools' basic financial statements. The schedule of expenditures of federal and state awards and the schedule of noncash federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards and the schedule of noncash federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory, the other supplementary information and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2022, on our consideration of the Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Schools' internal control over financial reporting or on compliance. In accordance with the Uniform Guidance, we have also issued our report dated December 8, 2022 on our consideration of the Schools' internal control over major programs and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Schools' internal control over financial reporting and compliance.

Brown Jake + M Daniel, PC Knoxville, Tennessee December 8, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

As management of Oak Ridge Schools (the "Schools"), we offer readers of the Schools' financials statements this narrative overview and analysis of the financial activities of the Schools for the fiscal year ended June 30, 2022.

Management's Discussion and Analysis ("MD&A") focuses on current year activities and resulting changes. Please consider the information presented here in conjunction with our Letter of Transmittal (beginning page 1) and the Schools' accompanying financial statements (beginning page 20).

INDEPENDENT AUDIT

The unmodified opinion of our independent external auditors, Brown, Jake and McDaniel, P.C., is included in this report on pages 7 through 9.

FINANCIAL HIGHLIGHTS

Highlights of the financial statements for the year ended June 30, 2022, for Oak Ridge Schools are as follows:

- Net Position. Total governmental assets and deferred outflows of resources at yearend were \$157.4 million and were more than liabilities and deferred inflows of resources by \$27.7 million. Of the total net position, the Schools had a balance of \$(13.9) million in unrestricted net position. Net position increased from fiscal year ("FY") 2021 to FY 2022 by \$17,909,852.
- Fund Balances. At year end, the Schools' governmental funds reported combined ending fund balances of \$20.0 million, of which \$15.5 million is available for spending at the Schools' discretion (unrestricted fund balance).
- General Purpose School Fund Fund Balance. During the current year, total fund balance for the General Purpose School Fund increased by \$3,083,853 to \$16.8 million or 23.2% of current year expenditures. During the current year, unrestricted fund balance for the General Purpose School Fund increased by \$3,681,507 to \$15.3 million or 21.2% of current year expenditures.
- Governmental Revenues and Expenses. Governmental revenues were \$91.7 million for FY 2022 and \$84.8 million for FY 2021. Governmental expenses for FY 2022 were \$73.8 million which includes depreciation expense of \$3.8 million.
- Capital Assets. Net capital assets increased by \$5.0 million during FY 2022, which was due to current construction in progress.

SUMMARY OF ORGANIZATION

Oak Ridge Schools were established by the City of Oak Ridge, Tennessee (the City) under the provisions of the City's Charter, Article VI, Section 1-18. The City of Oak Ridge is located in Anderson and Roane Counties. The Schools began operations on June 16, 1959.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Prior to this date, the Schools were operated by the U.S. Atomic Energy Commission, from 1943 through June 15, 1959. The Schools are governed by a Board of Education (the "Board") composed of five citizens who live within the City. Board members serve for a term of four years and are elected by citizens via a city-wide vote. The Board hires a School Superintendent who manages the Schools.

The Schools operate seven schools which consist of four elementary, two middle, and one high school. All of the Schools are accredited by the Southern Association of Colleges and Schools (SACS). In addition, the Schools operate a system-wide preschool program and an elementary extended childcare program.

The Schools receive annual funding from the City of Oak Ridge and a pro-rata share of property taxes and local option sales taxes from Anderson and Roane counties based upon weighted average daily attendance. The Oak Ridge City Council annually approves the Schools' appropriations for its five governmental funds.

OVERVIEW OF THE ANNUAL FINANCIAL STATEMENTS

Management's Discussion and Analysis serves as an introduction to the basic financial statements and supplementary information. The MD&A represents management's examination and analysis of the Schools' financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Schools' budget and other management tools were used for this analysis.

The Schools' basic financial statements comprise five main components: (1) departmental-wide financial statements, (2) fund financial statements, (3) notes to the financial statements, (4) required supplementary information, and (5) supplementary section.

Departmental-Wide Financial Statements. The Schools operate under the City Charter and are considered a department of the City; therefore, these financial statements are "blended" within the City's financial statements. The departmental-wide financial statements are designed to provide readers with a broad overview of the Schools' finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the assets, liabilities and deferred outflows /inflows of the Schools, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Schools is improving or deteriorating.

The statement of activities presents information showing how the net position of the Schools changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows; thus, some revenues and expenses are reported in this statement for items that will only result in cash flows in future fiscal periods (e.g., long-term liabilities).

The departmental-wide financial statements include not only the Board of Education itself (known as the primary department), but also a legally separate component unit, the Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation"), which provides financial support to the

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Schools. Financial information for the Foundation is reported separately from the financial information for the primary department.

The departmental-wide financial statements can be found on pages 20 through 22 of this report.

Fund Financial Statements. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Schools, like other local governments, use fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Schools can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the departmental-wide financial statements. However, unlike the departmental-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the departmental-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the departmental-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Schools maintain five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Purpose Schools Fund and School Federal Projects Fund, each of which are considered to be major funds. The Schools' three non-major funds are the Other Education Special Revenue Fund, the Extended School Program Fund, and Central Cafeteria Fund.

The basic governmental fund financial statements, and reconciliations to the government-wide financial statements can be found on pages 23 through 26 of this report.

Budget to Actual Comparison - Major Funds. The Schools adopt an annual appropriated budget for all governmental funds. A budgetary comparison statement has been provided for the General Purpose School Fund and the School Federal Projects Fund (major funds) to demonstrate compliance with this budget. Budget to actual comparison for the major funds can be found on pages 27 through 28 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the departmental-wide financial statement because the Schools cannot use these funds to finance its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

The Schools use a private purpose trust fund to account for the college scholarships which are awarded to graduating seniors on an annual basis. The basic fiduciary fund financial statements can be found on pages 29 and 30 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential for a full understanding of the data provided in the departmental-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 86 of this report.

Required Supplementary Information (RSI): This information provides various schedules related to the Tennessee Consolidated Retirement System ("TCRS") plans for the Schools' personnel. Also included are schedules related to the TGOP OPEB Plan and the TNP OPEB Plan for retirees which can be found on pages 95 and 96 of this report.

Supplementary Section: This information provides comparative financial statements for individual funds, schedules of expenditures of federal and state awards and noncash federal awards. The supplementary information can be found on pages 97 through 126 of this report.

DEPARTMENTAL-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The Schools' governmental-type assets and deferred outflows of resources were greater than liabilities and deferred inflows by \$27.7 million for June 30, 2022, and assets and deferred outflows of resources were greater than liabilities and deferred inflows by \$9.8 million for June 30, 2021, respectively.

Table 1

	2022	2021	Increase (Decrease)	Percentage Change
Assets				
Current and Other Assets	\$ 65,335,884	\$ 27,318,842	\$ 38,017,042	139.16%

Total Net Position	\$ 27,681,487	\$ 9,771,635	\$ 17,909,852	183.28%

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

By far the largest portion of the Schools' net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Schools use these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the Schools' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from the City, since the capital assets themselves cannot be used to liquidate these liabilities.

The unrestricted net position may be used to meet the Schools' obligations to students, employees, and creditors as well as help fund next year's budget.

The Schools' governmental change in net position increased by \$17,909,852 and \$9,680,993, during FY 2022 and FY 2021, respectively.

Table 2
Statement of Revenues, Expenses and Change in Net Position

			Increase	Percentage
	2022	2021	(Decrease)	Change
Revenues

Other Capital Outlay	772,813	58,308	714,505	1225.40%
Internal School Fund	1,025,326	780,618	244,708	31.35%
Interest on Long-Term Debt	1,458,164	7,990,786	(6,532,622)	-81.75%
Total Expenses	73,771,779	75,095,019	(1,323,240)	-1.76%
Change in Net Position	17,909,852	9,680,993	8,228,859	85.00%
Beginning Net Position	9,771,635	90,642	9,680,993	
Ending Net Position	\$ 27,681,487	\$ 9,771,635	\$ 17,909,852	183.28%

The change in net position in FY 2022 increased by 85% mostly due to increased pension income and decreased interest on long-term debt.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Revenues. The Tennessee Education Improvement Act ("EIA") of 1992 established the Tennessee Basic Education Program ("BEP") as the funding formula for kindergarten through grade twelve education in Tennessee. The components of the formula are grouped into two categories for determining the state and local share of formula funding in each school system: classroom and non-classroom. The EIA requires the state to pay 75% of the statewide cost of the classroom components and 50% of the statewide cost of the non-classroom components.

The split within the BEP formula between funding for classroom and non-classroom components has remained fairly constant at the statewide and at the system level, with classroom components making up about 70% of the total. The split between classroom and non-classroom categories in actual local spending varies from that in the BEP formula for several reasons. For example, the BEP formula does not include the cost of local salary supplements. As a result, the actual percent of funds spent in the classroom category may be greater than the percentage of the BEP formula that falls into the classroom category. The Schools' BEP revenues during FY 2022 and FY 2021 were \$23,708,368 and \$23,279,248, respectively, representing a 1.8% increase.

Local taxes which consist of Anderson County and Roane County property taxes and local option sales taxes were \$21,323,015 in FY 2022 and \$19,821,180 in FY 2021, for a 7.6% increase.

Expenses. Annual cash payments from the City's General Fund were \$22,959,335 for FY 2022 and \$15,493,963 for FY 2021, resulting in a 48.2% increase.

Annual payments from the City's Debt Service Fund were \$7,285,286 during FY 2022 and \$6,604,939 during FY 2021 for principal and interest payments related to City-issued school debt for a 10.3% decrease.

The City also issued school debt totaling \$5,520,000 and used those funds and existing cash from other bond issues to refund existing debt of \$0 and for capital improvements totaling \$6,080,087 during FY 2022.

Instructional expenses represent the largest category for FY 2022 and FY 2021 with expenses of \$40,040,318 and \$37,718,145, respectively, which is 54.2% and 50% of total expenses in FY 2022 and FY 2021, respectively.

FINANCIAL ANALYSIS OF THE SCHOOLS' FUNDS

As noted earlier, the Schools use fund accounting to ensure and demonstrate compliance with finance and related legal requirements.

Governmental Funds. The focus of the Schools' governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Schools' financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Schools' net resources available for spending at the end of the fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

As of June 30, 2022, the Schools' governmental funds reported a combined fund balance of \$19,965,984, an increase of \$4,018,981 from the previous year. The unassigned fund balance of \$12,240,768 is 61.3% of the combined fund balances. The unassigned fund balance is available for spending at the Schools' discretion. Pursuant to GASB Statement No. 54, the remainder of the fund balance is classified as nonspendable - \$33,069, restricted for a specific purpose per enabling legislation (Career Ladder/Extended Contract and Support Services/Non-instructional) - \$1,924,736, \$1,097,819 for Internal School Funds, restricted bond proceeds - \$836,534, restricted Stabilization Reserve Trust - \$589,634 and unspent for a specific purpose per action by the Board of Education - \$3,243,424.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

General Purpose School Fund. The General Purpose School Fund is the main operating fund of the Schools. At June 30, 2022, unrestricted fund balance was \$15,336,354 while total fund balance was \$16,767,922. As a measure of the fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total expenditures. Unrestricted fund balance represents 21.2% of total general purpose school fund expenditures. The total fund balance represents 23.2% of total general purpose school fund expenditures.

The fund balance of the Schools' General Purpose School Fund increased by \$3,083,853 during the current fiscal year. A few highlights of the General Purpose School Funds are as follows:

- Revenues and other net financing sources were \$76,161,328 for FY 2022 and \$112,684,624 for FY 2021, a decrease of \$36,523,296 due primarily to a bond issue used to refund existing bonds in the prior year.
- Expenditures and other financing uses were \$73,077,475 for FY 2022 and \$112,718,333 for FY 2021, a decrease of \$39,640,858 due primarily to a bond issue used to refund existing bonds in the prior year.
- Instructional expenditures represent 46.1% of the total expenditures for FY 2022 and 50.2% for FY 2021.

School Federal Projects Fund. The School Federal Projects Fund, which accounts for a majority of the Schools' federal grants, reported expenditures of \$5,874,088 for 2022 and \$5,358,149 for 2021, with a net increase of \$515,939.

MAJOR FUNDS BUDGETARY HIGHLIGHTS

The General Purpose School Fund's fund balance increased \$3,083,853 which was due in large part to the Schools debt service and capital asset acquisition activity in the prior year.

The General Purpose School Fund's budgetary comparison statements are on pages 100 and 101.

The School Federal Projects Fund had (\$5.3) million less than budgeted in revenues and (\$5.1) million less than budgeted in expenditures in 2022.

The School Federal Project Fund's budgetary comparison statements are on page 104.

CAPITAL ASSETS

The Schools' investment in capital assets for its governmental activities as of June 30, 2022, was \$151.6 million with accumulated depreciation of \$75.6 million resulting in a net book value of \$76.0 million. The majority of net capital assets are land, buildings, and related improvements, which were \$72.8 million or 95.8% of total net capital assets.

The majority of capital asset activity is due to capital projects at various schools.

Additional information on the Schools' capital assets can be found in Note 4 to the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

LONG-TERM DEBT AND OTHER LONG-TERM LIABILITIES

Total long-term debt at June 30, 2022 and 2021, was \$79.6 million and \$79.3 million, respectively. Total long-term debt increased from FY 2021 to FY 2022 by \$0.3 million.

Total other long-term liabilities at June 30, 2022 and 2021, were \$7.5 million and \$7.3 million, respectively. Total other long-term liabilities increased from FY 2021 to FY 2022 by \$0.2 million.

Additional information on the Schools' long-term debt and other long-term liabilities can be found in Notes 5, 6, 7, 8, 16 and 18 to the financial statements.

ENROLLMENT

The Schools' enrollment has remained steady since FY 2003. Current enrollment is 4,811 for FY 2022 compared to 4,628 for FY 2021. Due to projected new residential developments, management is closely monitoring various factors affecting future enrollment.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

During the preparation of the FY 2023 budget, the following major assumptions were used.

- FY 2023 budgeted expenditures for the General Purpose School Fund were \$64.8 million.
- Compensation and benefits budgeted in FY 2023 for employees increased by \$1,427,444 over the prior year.
- For FY 2023, the Schools have projected no increase in dental, vision, or life insurance premiums, but a 3.0% increase in health insurance premiums. A projected TCRS employer contribution rate of 8.69% for certified (teachers) staff and 6.18% for noncertified (support) staff was used.

FINAL COMMENTS

The entire Oak Ridge School District (all four elementary schools, two middle schools, and the high school) are STEM Certified by AdvancED. It is the first entire district to be certified in the State of Tennessee and the second entire district in the world. Our focus on STEM demonstrates our continued commitment to ensure every Oak Ridge student is prepared for college, career, and life success.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

The Oak Ridge School District was born in the shadow of the Manhattan Project in 1943. Like the project that brought together the nation's greatest minds for a common goal, the school system set the bar high for educational excellence from the beginning. Oak Ridge Schools offer a challenging STEM curriculum with a deliberate focus on collaboration, communication, critical thinking, and creativity to ensure success for every student.

CONTACTING THE SCHOOLS

This financial report is designed to provide our citizens, parents, students, creditors, and regulatory agencies with an overview of the Schools' finances. If you have any questions about this report or need additional information, you may contact the Schools as follows:

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

Year Ended June 30, 2022

Total net change in fund balancesgovernmental funds			\$	4,018,981
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which depreciation expense (\$3,753,157) is less than capital outlays \$8,721,089.				4,967,932
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Principal refunding and repayments				5,084,641
Bond proceeds				(5,520,000)
Amortization of bond premiums and debt refunding				831,311
Change in accrued interest payable on long-term debt that is not due and payable in the current period and therefore is not reported with the funds				(5,065)
Deferred inflows/outflows: In the governmental funds, pension contributions are reported as an expenditure when they are due and payable. However, in the statement of activities, pension expense consists of reporting certain changes in the net pension liability (asset) of the government.				9,222,403
In the governmental funds, OPEB contributions are reported as an expenditure when they are due and payable. However, in the statement of activities, OPEB expense consists of reporting certain changes in the total OPEB liability (asset) of the government.				(263,308)
In the governmental funds, the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-debt and related items.	nis			(463,766)
Governmental funds report compensated absences and termination benefits that mature or are used shortly after year end as an expenditure. However, the long-term portion is not reported in the governmental funds.				
Compensated absences Termination benefits	\$	66,678 (29,957)		36,721
Rounding				2
•			•	
Changes in net position of governmental activities			<u> </u>	17,909,852

Notes to Basic Financial Statements

June 30, 2022

1. Summary of Significant Accounting Policies

(a) Financial Reporting Entity

The Oak Ridge Board of Education (the "Schools") was established by the City of Oak Ridge, Tennessee (the "City") under the provisions of the City's Charter, Article VI, Sections 1-18.

Oak Ridge Schools operate eight schools which consist of one preschool, four elementary, two middle and one high school. All of the schools, with the exception of the preschool, are accredited by the Southern Association of Colleges and Schools ("SACS"). The School System is responsible for the public education of children in grades K through 12 who reside within the boundaries of the City of Oak Ridge. Students who live outside the city limits may attend, subject to space availability and the payment of tuition.

The Schools are a department of the City of Oak Ridge and are not a separate legal entity. Therefore, the Schools' financial statements are also included in the City's Annual Comprehensive Financial Report ("ACFR"). The Schools' departmental-wide financial statements will be blended within the City's ACFR in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 14. In accordance with the City's Charter, the City Council approves and issues long-term debt, such as bonds and notes payable to provide the financing for the acquisition and construction of the Schools' facilities.

The financial statements present only the Oak Ridge Schools and are not intended to present fairly the financial position of the City of Oak Ridge, Tennessee, or the results of its operations and cash flows of its proprietary fund in conformity with generally accepted accounting principles.

Discretely Presented Major Component Units

Oak Ridge Public Schools Education Foundation, Inc. (the "Foundation") is a not-for-profit organization exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Foundation's primary mission is to enhance, promote and support the City of Oak Ridge Schools. The Foundation receives donations and pledges from individuals, corporations and other donors. The Schools do not appoint or approve the Foundation's budget or Board of Directors. However, since the Foundation's main purpose is to provide financial support to the Schools, this meets the definition of a component unit in accordance with GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, paragraph five.

The Foundation has been reported in the Schools' departmental-wide financial statements as a major component unit. The Foundation has been audited by a separate certified public accounting firm for the year ended December 31, 2021. The Schools have included the Foundation's results with a different year-end in accordance with GASB Statement No. 14, *The Financial Reporting Entity*, paragraph 59. The Foundation published separate financial statements and may be obtained from:

Ms. Jessica Steed
Oak Ridge Public Schools Education Foundation, Inc.
MS-22, P.O. Box 117
Oak Ridge, TN 37831 (865) 241-3667

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(b) Basis of Presentation

The Schools follows Governmental Accounting Standards Board standards for external financial reporting for all state and local governmental entities, which includes a statement of net position, a statement of activities and changes in net position. These standards require the classification of net position into three components – net investment in capital assets; restricted; and unrestricted. The classifications are defined as follows:

- Net investment in capital assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted This component of net position consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

The Schools basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

1. Government-Wide Financial Statements:

The statement of net position and the statement of activities display information about the Schools as a whole.

The statement of net position presents the financial condition of the governmental activities of the Schools at year-end. The statement of activities presents a comparison between direct expenses and program or function of the Schools' governmental activities.

Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the Schools. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Schools.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(b) Basis of Presentation (Continued)

2. Fund Financial Statements:

During the year, the Schools segregate transactions related to certain school functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Schools at this detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The following are the Schools' funds:

Major Funds:

<u>The General Purpose School Fund</u> is the main operating fund of the Schools. It is used to account for all financial resources except those required to be accounted for in another fund. Revenues are received from local taxes, state and federal revenues and charges for services.

The School Federal Projects Fund is used to account for the proceeds of federal award grant programs requiring separate accounting because of legal or regulatory provisions or administrative action.

Non-Major Funds:

The Other Education Special Revenue Fund is used to account for the activities assisting at risk children and their families. The fund accounts for the Family Resource Center and the Safe Schools Act activities which are funded by federal awards.

<u>The Extended School Program Fund</u> is used to account for the fees collected for the Schools' extended child care program.

<u>The Central Cafeteria Fund</u> is used to account for the activities related to food services. The revenue also supports preparing and serving regular and incidental meals, lunches, or snacks in connection with school activities and food delivery. Revenue is collected in the form of meal charges, fees for special events and programs, and state and federal reimbursements under the national school lunch and breakfast programs.

Oak Ridge Schools Internal School Funds ("ORS-ISF") is used to account for the funds held at individual schools for which all earnings and resources of the fund are used to benefit the students.

The Schools' fiduciary funds are the following private purpose trust and agency funds:

<u>The Scholarship Fund</u> is used to account for resources legally held in trust for use of scholarship awards. All resources of the fund, including investment earnings, may be used for scholarship awards.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(c) Fund Accounting

The Schools use funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds:

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

Special Revenue Funds account for revenue derived from specific sources that are restricted by legal and regulatory provisions to finance specific activities. The Special Revenue Funds are the General Purpose School Fund, the School Federal Projects Fund, the Other Education Special Revenue Fund, the Extended School Program Fund, the Central Cafeteria Fund, and the Internal School Fund.

<u>Proprietary Funds</u> are used to account for activities that are similar to activities that may be performed by a commercial enterprise.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as investment earnings, result from non-exchange transactions or ancillary activities.

<u>Fiduciary Funds</u> account for assets held by the Schools in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement.

(d) Measurement Focus

1. Government-Wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when incurred, regardless of the timing of the related cash flows. All assets and liabilities associated with the operation of the Schools are included on the statement of net position.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(d) Measurement Focus (Continued)

2. Fund Financial Statements:

All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between government-wide statements and the statements for governmental funds.

(e) Component Unit

The Oak Ridge Public Schools Education Foundation, Inc. follows the Schools' proprietary fund type measurement focus and basis of accounting, the accrual basis of accounting.

(f) Fund Balance

Governmental funds, in the fund financial statements, report reservations of fund balances for amounts that are not available for appropriation and/or legally restricted by outside third-parties for specific purposes. In accordance with GASB 54, the governmental funds report fund balances in classifications that comprise a hierarchy based primarily on the extent to which the Schools are bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The categories of fund balance are as follows:

- Nonspendable This classification includes amounts that cannot be spent because they
 are either (a) not in spendable form or (b) legally or contractually required to be maintained
 intact. Fund balances reported as non-spendable represent amounts for inventory, prepaid
 expenditures, encumbrances, advances to other funds and noncurrent notes receivables.
- <u>Restricted</u> Fund balance is reported as restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation (such as through state statutes).
- <u>Committed</u> Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action, either ordinance or resolution, of the Board of Education (the "Board") level of decision-making authority, are reported as committed fund balance. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Amounts classified as committed are not subject to legal enforceability like restricted resources; however, they cannot be used for any other purposes unless the Board removes or changes the commitment by taking the same action it employed to impose the commitment.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(f) Fund Balance (Continued)

- <u>Assigned</u> This classification consists of all fund balances that are not in the General Purpose School Fund or classified as nonspendable, restricted or committed. In addition, General Purpose School Fund balances that the School intends to use for specific purposes as approved by the Board or management are also classified as assigned. The Board has a fund balance policy that allows assigned amounts to be re-assigned by the Board, or management.
- <u>Unassigned</u> This classification consists of all fund balances in the General Purpose School Fund that are not reported as nonspendable, restricted, committed or assigned.

The Schools' policy is to expend any available restricted, committed or assigned resources, in that order, prior to expending unassigned resources.

(g) Minimum Fund Balance

State statutes require the General Purpose School Fund to maintain a minimum unrestricted fund balance of 3% of current year's expenditures. For the current fiscal year ended June 30, 2022, the Schools met the minimum fund balance as required by state law.

(h) Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

1. Revenues - Exchange and Nonexchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Schools, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the Schools receive value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Schools must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Schools on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: charges for services, interest income, grants and intergovernmental revenue.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(h) Basis of Accounting (Continued)

2. Expenses/Expenditures:

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of costs, such as depreciation and amortization, are not recognized in governmental funds.

(i) Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Encumbered appropriations for funds do not lapse at the end of the fiscal year. Encumbrances outstanding at year-end are reported as nonspendable fund balances since they do not constitute expenditures or liabilities. There were no outstanding encumbrances at June 30, 2022.

(j) Budgets and Basis of Budgeting

The Oak Ridge Schools' budget process is initiated each year by the various programs, principals and staff of each school as well as the preparation of the budgets by each special department within the two major governmental funds of the school system. These budgets include staff requirements, materials and supply needs, capital and replacement equipment needs, and special requests associated with the operation of the school system. School unit budgets are submitted to the Executive Director of School Leadership for review and compilation. Other departments submit their budgets directly to the Finance Director for review and compilation. On or about February 1, all budgets are submitted to the Superintendent of Schools on the required forms and in a predetermined format. The budget review process by the Superintendent, Executive Directors, Finance Director, and department directors is completed during the month of February.

Revenue projections in all areas are made during the month of April by the Finance Director. Community involvement by a citizens' committee is also provided for during this period. On or about May 1, a comprehensive budget proposal is prepared and submitted to the Board of Education as the Superintendent's proposed budget for the subsequent fiscal year. During May, the Board of Education conducts numerous special Board meetings for budget review sessions as well as formal public hearings. During this same period, the Board hears formal recommendations from the Oak Ridge Education Association and the principal's group. Following these deliberations by the Board of Education and adjustments as required by the Board's action, the budget is approved by the Board for submission to City Council in late May. Beginning in late May, the City of Oak Ridge conducts formal budget reviews and public hearings, with a first and second reading of the appropriation ordinance. On or before June 30, the appropriation ordinance is approved by City Council establishing the property tax rate for the coming fiscal year and the level of appropriation for the Oak Ridge Schools.

Once the budget has been approved, the Board of Education may modify the budget between departments or major category level; however, any increase in total appropriations must be approved by the Board of Education and City Council. Management can modify the budget amounts within a department.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(j) Budgets and Basis of Budgeting (Continued)

Formal budgetary integration is employed as a management control device for the General Purpose School Fund, School Federal Projects Fund, Other Education Special Revenue Fund, and Extended School Program Fund; however, the School Federal Projects budget is amended at the time the grant or program has been approved by the grantor. The budgets are legally adopted on a basis consistent with GAAP, except encumbrances are treated as budgeted expenditures in the year the commitment to purchase is incurred. The adjustments necessary to convert the basis of budgeting to GAAP represent the net change in encumbrances outstanding at the beginning and end of the fiscal year.

Budgeted amounts reflected in the accompanying budget and actual comparison are as originally adopted or as amended by the Board of Education and City Council. Budgetary appropriations which are not expended lapse at year-end.

(k) Cash and Cash Equivalents

For purposes of these financial statements, the Schools consider all highly liquid investments (including restricted assets) having original maturity dates of three months or less when purchased to be cash equivalents.

(I) <u>Investments</u>

Investments are stated at fair value and based upon guoted market price.

(m) Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2022, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

(n) Pledges Receivable

Pledges receivable of the component unit (the Foundation), are recognized as contribution revenue in the period that is, in substance, unconditional. The Foundation uses the allowance method to determine an uncollectible amount based upon prior years' experience and management's estimates.

Unconditional pledges that are expected to be collected within one year are recorded at net realizable value. Unconditional receivables that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the pledges are received. Amortization of the discounts is included in contribution revenue.

(o) Inventory

Inventories are presented at the lower of cost (weighted average method) or market.

(p) Commodities

The Oak Ridge Schools receive commodities for school cafeterias from the U.S. Department of Agriculture. The value of the commodities received is reported as revenue, and the value of such commodities used is reported as cost of food in the accompanying financial statements.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(q) Restricted Assets

Assets are reported as restricted when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors or laws of other governments or imposed by enabling legislation.

(r) <u>Capital Assets</u>

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost or estimated historical cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their estimated fair market values as of the date received. The Schools maintain a capitalization threshold of five thousand dollars. The Schools do not possess any infrastructure. Net interest costs during construction periods are capitalized for assets acquired by the issuance of long-term debt. Major additions and improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged to operations.

All reported capital assets except for land and land improvements are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Useful Lives
Buildings and improvements	20 - 50 years
Machinery and equipment	3 - 20 years
Computer hardware and software	5 - 10 years
Food service equipment and fixtures	15 years
Buses	15 years
Vehicles	5 - 8 years
Furniture and fixtures	20 years
Athletic facilities	10 - 20 years

(s) Compensated Absences

It is the policy of the Schools to permit employees to accumulate, in varying amounts, earned but unused vacation and sick pay benefits. There is no liability recorded for unpaid accumulated sick leave since the Schools do not have a policy to pay any such amounts upon separation from employment. However, upon retirement, the accumulated sick leave is credited to time of employment for calculating years of service under TCRS benefits.

In the departmental-wide financial statements, unpaid compensated absences are reported as Other Long-Term Liabilities. In the fund financial statements, compensated absences are expensed as they are paid. The compensated absences liability is not reported in their respective fund financial statements because it is not expected to be liquidated with expendable available financial resources.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(t) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(u) Pension Plans

Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS. For the purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan in the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refund of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan. Investments are reported at fair value.

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS. For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan. Investments are reported at fair value.

Oak Ridge City Schools Non-Teacher Hybrid With Cost Controls. For purposes of measuring the net pension asset/liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Oak Ridge Board of Education Hybrid With Cost Controls' participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Oak Ridge Board of Education Hybrid With Cost Controls' fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of the TCRS. Investments are reported at fair value.

Oak Ridge City Schools Non-Teacher Legacy Plan. For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Oak Ridge Schools' participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of the TCRS. Investments are reported at fair value.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(v) <u>Postemployment Benefits</u>

The Schools follows the provisions of Governmental Accounting Standards Board Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans."

(w) Termination Benefits

The Schools provide voluntary termination benefits for professional employees who agree to retire before age 65. Payments are recorded as an expenditure in the General Purpose School Fund. The estimated liability and related expense are reported in the departmental-wide financial statements.

(x) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Short-term amounts owed between funds are classified as "Due to/from other funds." Interfund loans are classified as "Interfund notes receivable/payable."

(y) Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year ended June 30, 2022.

(z) <u>Deferred Outflows/Inflows of Resources</u>

In accordance with GASB Statement No. 63 and GASB Statement No. 65, the statement of net position will sometimes report a separate section for deferred outflows of resources, in addition to assets. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(z) Deferred Outflows/Inflows of Resources (Continued)

Deferred outflows/inflows of resources consist of the following at June 30, 2022:

Deferred Outflows of Resources:	Governmental Activities
Pension contributions subsequent to the measurement date – pension	\$ 3,181,437
Pension contributions subsequent to the measurement date – OPEB Changes in proportionate and differences between contributions and	193,629
proportionate share of contributions – pension Changes in proportionate and differences between contributions and	20,389
proportionate share of contributions – OPEB	123,498
Change in assumptions – pension	10,435,063
Change in assumptions – OPEB	709,312
Differences between expected and actual experience – pension	261,540
Differences between expected and actual experience – OPEB	1,107,250
	\$ 16,032,118
Deferred Inflows of Resources:	
Advance payments for School Food Service	\$ 22,170
Debt refunding	230,679
Differences between expected and actual experience – pension	3,008,389
Differences between expected and actual experience – OPEB Changes in proportionate and differences between contributions and	1,109,768
proportionate share of contributions – pension Changes in proportionate and differences between contributions and	210,128
proportionate share of contributions – OPEB	435,250
Changes in assumptions – pension	418,970
Differences between projected and actual earnings on pension	,
plan investments	32,313,865
Other	225
	\$ 37,749,444

(aa) Recently Issued and Adopted Accounting Pronouncements

GASB has issued the following recent pronouncements that are effective in the current fiscal year:

- Statement No. 87, Leases
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 98, The Annual Comprehensive Financial Report
- Statement No. 92, Omnibus 2020
- Statement No. 93, Replacement of Interbank Offered Rates
- Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32
- Implementation Guide No. 2019-3, Leases

Adoption of these pronouncements have had no effect on the Schools' financial statements.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(ab) Long-Term Debt

The departmental-wide financial statements report long-term debt associated with the capital assets that have been reported. Various debt issues were executed by the City of Oak Ridge, and the City services these debt issues through its Debt Service Fund, not the Board of Education special revenue funds. To reflect this activity in the Schools' separately-issued statements, entries are made for the principal and interest payments as transfers between the Debt Service Fund of the City and the General Purpose School Fund of the Schools.

In the departmental-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

General Obligation Bonds

The Schools through the City of Oak Ridge, Tennessee issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. In addition, general obligation bonds have been issued to refund other general obligation bonds. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the City of Oak Ridge, Tennessee. General obligation bonds outstanding were issued for original terms of up to 25 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2022 will be retired from the debt service funds.

Direct Borrowing and Direct Placements

The Schools through the City of Oak Ridge, Tennessee issues other loans to provide funds for the acquisition and construction of major capital facilities. Capital outlay notes are also issued to fund the capital facilities and other capital outlay purchases, such as equipment. Capital outlay notes and other loans are direct obligations and pledge the full faith, credit, and taxing authority of the City of Oak Ridge, Tennessee. Capital outlay notes and other loans outstanding were issued for original terms of up to 20 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All notes, and other loans included in long-term debt as of June 30, 2022, will be retired from the debt service funds.

Notes to Basic Financial Statements (Continued)

1. Summary of Significant Accounting Policies (Continued)

(ac) Fair Value of Financial Instruments

We use a framework for measuring fair value and disclosing fair values. We define fair value at the price which would be received to sell an asset in an orderly transaction between market participants at the measurement date. We use this framework for all assets and liabilities measured and reported on a fair value basis and enable the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. Each asset and liability carried at fair value is classified into one of the following categories:

- Level 1 Quoted market prices in active markets for identical assets or liabilities
- Level 2 Observable market based inputs or unobservable inputs corroborated by market data
- Level 3 Unobservable inputs not corroborated by market data

The fair value of current assets and current liabilities approximate to the carrying value due to the short maturity of these instruments. The fair value of unconditional promises to give is estimated by discounting the future cash flows using the current rates offered for deposits of similar remaining maturities.

The fair values of long-term debt and other long-term liabilities approximate the carrying amounts and are estimated based on current rates offered to us.

(ad) Comparative Data

Comparative totals for the prior year have been presented in the accompanying combined financial statements in order to provide an understanding of changes in the Schools' financial position and operations. However, presentation of prior year totals by fund type has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

Total columns on the combined financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in cash flows in conformity with accounting principles generally accepted in the United States of America. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data. Certain comparative data have been reclassified to present such amounts in a manner consistent with the current year's presentation.

2. Deposits and Investments

The Schools follow GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, that requires disclosures about custodial credit risk, interest rate risk, credit risk and concentration of credit risk.

Notes to Basic Financial Statements (Continued)

2. Deposits and Investments (Continued)

At June 30, 2022, the Schools had the following deposits and investments:

Description	Maturity Date	Fair Value
Deposits: Bank Deposits and Money Market Accounts	N/A	\$ 19,275,244

A summary of the deposits and investments by fund at June 30, 2022 is as follows:

Bank Deposits:

Cash and Cash Equivalents -

General Purpose School Fund	\$16,869,713
Central Cafeteria Fund	1,220,428
Internal School Fund	1,097,819
Scholarship Fund	87,284
Total Cash and Cash Equivalents	\$19,275,244

A reconciliation of cash and cash equivalents as shown on the statement of net position and the balance sheet – governmental funds at June 30, 2022 is as follows:

Total Bank Deposits	\$ 19,275,244
Less: Fiduciary Fund – Scholarship Fund	(87,284)
Cash and Cash Equivalents – Statement of Net Position and	
Balance Sheet	\$ 19,187,960

Deposits

State statutes authorize the Schools to deposit funds in banks, credit unions and the state and local government investment pool ("SLGIP") and repurchase agreements.

Deposit Policies

The Schools' deposit policy is governed by the laws of the State of Tennessee. Deposits in financial institutions are required by state statutes to be secured and collateralized by such institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance.

The Schools' policy authorizes the investment of excess operating funds in various bank accounts, savings accounts or certificates of deposits with a local bank or credit union located within the city limits. Banks or credit unions shall be fully insured by the Federal Depository Insurance Corporation ("FDIC") or the National Credit Union Administration ("NCUA"). In addition, local banks shall participate in the bank collateral pool administered by the Treasurer of the State of Tennessee.

Notes to Basic Financial Statements (Continued)

2. Deposits and Investments (Continued)

Deposits - Custodial Credit Risk

At June 30, 2022, the carrying amount of the Schools' deposits (cash and cash equivalents) were \$19,275,244 and were held in financial institutions that were fully insured or participate in the bank collateral pool administered by the Treasurer of the State of Tennessee.

Banks may use one of three different security pledges (90, 100 or 105%) depending on the specific bank holding the deposit. Participating banks determine the aggregate balance of their public fund accounts for the Schools. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Since the bank collateral pool covered all the Schools' deposits at June 30, 2022, they are considered to be insured, fully collateralized and classified as Category 1, under GASB Statement No. 40, for purposes of custodial credit risk disclosure.

Investment Policies - Excluding TCRS Stabilization Trust

State statutes authorize the Schools to invest in obligations of the federal government, federal agency securities, state government, state local government investment pool ("SLGIP"), municipal bonds issued in Tennessee, certificates of deposit, and other time deposits and repurchase agreements.

<u>Custodial Credit Risk</u>: The Schools' investment policy requires that investment securities be registered in the name of Oak Ridge Schools. All safekeeping receipts for investment instruments are held in accounts in the Schools' name and all securities are registered in the Schools' name.

<u>Credit Risk</u>: The Schools' investment policy limits investments in federal agency securities and municipal bonds, to the highest ratings by two of the nationally recognized ratings organizations, Standard and Poor's, Moody's Investor Services, FITCH or A.M. BEST.

Interest Rate Risk: Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. If the yield of the portfolio can be improved upon by the sale of an investment, prior to its maturity, with the reinvestment of the proceeds, then this provision is also allowed.

In accordance with its investment policy, the Schools manage its interest rate risk by limiting the weighted-average maturity of its investment portfolio in the governmental funds and proprietary fund to one year or less. No security, at the time of purchase shall have a maturity exceeding one year. The Schools manage its interest rate risk by limiting the weighted-average maturity of its investment portfolio in the scholarship fund to ten years or less. No security, at the time of purchase in the scholarship fund, shall have a maturity exceeding ten years.

<u>Concentration of Credit Risk</u>: The Schools may choose to maintain between 0% to 100%, or any portion thereon, of its investment portfolio in U.S. Treasury Bills, Notes and Bonds, federal agencies, SLGIP, certificates of deposit or repurchase agreements in accordance with state statutes. As of June 30, 2022, the Schools did not maintain any investments; deposits were held in bank or money market accounts.

Notes to Basic Financial Statements (Continued)

2. Deposits and Investments (Continued)

Investment Income - Scholarship Fund

Investment income in the Scholarship Fund for the year ended June 30, 2022 consisted of the following:

Interest \$ 182

The Schools' investment policy does not require diversification among authorized investment broker-dealers. However, the policy requires the use of an investment broker-dealer who is registered with the Securities Investor Protection Corporation ("SIPC") and who maintains an office within the city limits.

Component Unit – Foundation

At December 31, 2021 (latest information available), the Foundation had the following deposits and investments:

Bank Deposits: Bank Deposits and Certificates of Deposit	\$ 185,096
Investments, at Fair Value: Money Market Accounts Mutual Funds	135,762 5,142,094
Total Investments, at Fair Value	5,277,856
Total	\$ 5,462,952

Short-term investments held in money market accounts are reported as investments instead of cash equivalents because the Foundation holds those funds for restricted purposes.

A reconciliation of investments as shown on the statement of net position at December 31, 2021 (latest information available) is as follows:

Investments, at Fair Value – Current Assets Investments, at Fair Value – Other Assets	\$ 4,309,758 968,098
	\$ 5,277,856
Interest and Dividends Realized Gains (Losses) on Investments	\$ 289,583 5,925
Unrealized Gains (Losses) on Investments	316,769
	\$ 612,277

Notes to Basic Financial Statements (Continued)

2. Deposits and Investments (Continued)

TCRS Stabilization Reserve Trust

Legal Provisions. Oak Ridge Schools is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The School has placed funds into the irrevocable trust as authorized by statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the School.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Oak Ridge Schools may not impose any restrictions on investments placed by the trust on their behalf.

Investment Balances. Assets of the TCRS, including the Stabilization Reserve Trust, are invested in the Tennessee Retiree Group Trust (TRGT). The TRGT is not registered with the Securities and Exchange Commission (SEC) as an investment company. The State of Tennessee has not obtained a credit quality rating for the TRGT from a nationally recognized credit ratings agency. The fair value of investment positions in the TRGT is determined daily based on the fair value of the pool's underlying portfolio.

Furthermore, TCRS had not obtained or provided any legally binding guarantees to support the value of participant shares during the fiscal year. There are no restrictions on the sale or redemption of shares.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value of investments and interest and dividend income. Interest income is recognized when earned. Securities and securities transactions are recorded in the financial statements on a trade-date basis. The fair value of assets of the TRGT held at June 30, 2022, represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

Assets held are categorized for fair value measurement within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that can be accessed at the measurement date.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; assets or liabilities that have a bid-ask spread price in an interactive dealer market, brokered market and principal-to-principal market; and Level 1 assets or liabilities that are adjusted.
- Level 3 Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments, where fair value is measured using the Net Asset Value (NAV) per share have no readily determinable fair value and have been determined to be calculated consistent with FASB principles for investment companies.

Notes to Basic Financial Statements (Continued)

2. Deposits and Investments (Continued)

TCRS Stabilization Reserve Trust (Continued)

Where inputs used in the measurement of fair value fall into different levels of the hierarchy, fair value of the instrument in its entirety is categorized based on the lowest level input that is significant to the valuation. This assessment requires professional judgement and as such management of the TRGT developed a fair value committee that worked in conjunction with the plan's custodian and investment professionals to make these valuations. All assets held were valued individually and aggregated into classes to be represented in the table below.

Short-term securities generally include investments in money market-type securities reported at cost plus accrued interest.

Equity and equity derivative securities classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Equity and equity derivative securities classified in Level 2 are securities whose values are derived daily from associated traded securities. Equity securities classified in Level 3 are valued with last trade data having limited trading volume.

US Treasury Bills, Bonds, Notes and Futures classified as Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Debt and debt derivative securities classified in Level 2 are valued using a bid-ask spread price from multiple independent brokers, dealers, or market principals, which are known to be actively involved in the market. Level 3 debt securities are valued using proprietary information, a single pricing source, or other unobservable inputs related to similar assets or liabilities.

Real estate investments classified in Level 3 are valued using the last valuations provided by external investment advisors or independent external appraisers. Generally, all direct real estate investments are appraised by a qualified independent appraiser(s) with the professional designation of member of the Appraisal Institute (MAI), or its equivalent, every three (3) years beginning from the acquisition date of the property. The appraisals are performed using generally accepted valuation approaches applicable to the property type.

Investments in private mutual funds, traditional private equity funds, strategic lending funds and real estate funds that report using GAAP, the fair value, as well as the unfunded commitments, were determined using the prior quarter's NAV, as reported by the fund managers, plus the current cash flows. These assets were then categorized by investment strategy. In instances where the fund investment reported using non-GAAP standards, the investment was valued using the same method, but was classified in Level 3.

Teacher Hybrid Plan

At June 30, 2022, Oak Ridge Schools had the following investments held by the trust on its behalf related to its TCRS Teacher Hybrid Plan:

Risk and Uncertainties. The trust's investments include various types of investment funds, which in turn invest in any combination of stock, bonds and other investments exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported for trust investments.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Oak Ridge Schools does not have the ability to limit trust investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Oak Ridge Schools does not have the ability to limit the credit ratings of individual investments made by the trust.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the trust's investment in a single issuer. Oak Ridge Schools places no limit on the amount the trust may invest in one issuer.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the trust will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Pursuant to the trust agreement, investments are held in the name of the trust for the benefit of the Oak Ridge Schools to pay retirement benefits of the School's employees.

For further information concerning the School's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at https://comptroller.tn.gov/content/dam/cot/sa/advanced-search/disclaimer/2020/ag20045.pdf.

Total depreciation expense	\$ 3,753,157

5. Long-Term Debt

Overview

All debt of the Schools is issued through the City of Oak Ridge, Tennessee. The debt issues related to the Schools contain provisions that in the event of a default, outstanding amounts are to become immediately due if the City is unable to make a payment.

Long-term debt at June 30, 2022 consisted of the following:

General Obligation Bonds Local Government Public Improvement Bonds Capital Outlay Notes	\$ 64,094,571 7,052,288 2,436,634
Add: Unamortized Premiums	73,583,493 6,037,639
Less: Current Portion	79,621,132 (4,945,223)
Total Long-Term Debt	\$ 74,675,909

Interest expense recorded in the departmental-wide statement of activities consisted of the following:

Interest Paid Amortization of Bond Premiums	\$	2,200,645 (572,593)
Accrued Interest Payable - Net Change		5,064
Cost of Issuance		46,513
Underwriter's Discount		37,253
Amortization of Debt Refunding		(258,718)
Total	_\$_	1,458,164

Activity

Long-term debt activity for the year ended June 30, 2022 is as follows:

	Balance July 1, 2021	Additions	Retirements/ Reductions	Balance June 30, 2022	Due Within One Year
General Obligation Bonds	\$ 62,945,936	\$ 5,520,000	\$ (4,371,365)	\$ 64,094,571	\$ 3,599,499

Notes to Basic Financial Statements (Continued)

5. Long-Term Debt (Continued)

General Obligation Bonds

General Obligation Bonds ("GO") consisted of the following at June 30, 2022:

Series 2017 GO Refunding Bond, issuance of \$3,905,000, maturing in 2033 with interest rates of 2.25% to 5.00%	\$ 2,984,571
Series 2018 GO Bond, issuance of \$8,700,000, maturing in 2043 with interest rates of 3.00% to 5.00%	8,305,000
Series 2019 GO Refunding Bond, issuance of \$15,713,000, maturing in 2038 with interest rates of 2.00% to 5.00%	9,995,000
Series 2020A GO Refunding Bond, issuance of \$9,000,000, maturing in 2035 with interest rates of 1.00% to 5.00%	9,000,000
Series 2020B GO Bond, issuance of \$3,135,000, maturing in 2027 with interest rates of 0.40% to 1.00%	3,035,000
Series 2021A GO Refunding Bond, issuance of \$25,735,000, maturing in 2035 with interest rates of 2.00% to 5.00%	25,495,000
Series 2021C GO Bond, issuance of \$5,520,000, maturing in 2041 with interest rates of 1.35% to 4.00%	5,280,000
	\$ 64,094,571

In December 2017, the Schools, through the City of Oak Ridge, issued \$3,905,000 General Obligation Refunding Bonds, Series 2017, to refund outstanding general obligation debt at the City and borrow additional funds for capital projects at the Schools.

In December 2018, the Schools, through the City of Oak Ridge, issued \$8,700,000 General Obligation Bonds, Series 2018, to fund capital projects at the Schools.

In September 2019, the Schools, through the City of Oak Ridge, issued \$15,713,000 General Obligation Refunding Bonds, Series 2019, to fund capital projects at the Schools and to refund outstanding general obligation debt.

In December 2020, the Schools, through the City of Oak Ridge, issued \$9,000,000 in General Obligation Refunding Bonds, Series 2020A, to refund outstanding general obligation debt.

In December 2020, the Schools, through the City of Oak Ridge, issued \$3,135,000 in General Obligation Bonds, Series 2020B, to fund the termination of debt swap agreement.

In June 2021, the Schools, through the City of Oak Ridge, issued \$25,735,000 in General Obligation Refunding Bonds, Series 2021A, to refund outstanding general obligation debt.

In September 2021, the Schools, through the City of Oak Ridge, issued \$5,520,000 in General Obligation Bonds, Series 2021C, to fund capital projects at the Schools.

Notes to Basic Financial Statements (Continued)

5. Long-Term Debt (Continued)

Notes Payable

Notes payable consisted of the following at June 30, 2022:

2008 note payable of \$7,752,287 loan agreement TMBF, maturing in 2027 with a variable interest rate of 1.4% (as of June 30, 2022)

\$ 7,052,288

During the year ended June 30, 2008, the Schools, through the City of Oak Ridge, entered into a \$4,945,987 loan agreement with the Tennessee Municipal Bond Fund ("TMBF") program to fund a portion of the Oak Ridge High School ("ORHS") project. Scheduled principal payments continue through 2027. The interest rate is variable and was approximately 1.4% for the year ended June 30, 2022. During the year ended June 30, 2009, the Schools borrowed an additional \$2,806,300 for the ORHS project.

Capitalized Outlay Note

In October 2017, the Schools, through the City of Oak Ridge, issued \$3,000,000 Energy Efficient Schools Capital Outlay Note to make energy efficient improvements to the various school buildings. Interest rate is 1%.

Debt Service Requirements - All Long-Term Debt

The annual debt service requirements of all long-term debt as of June 30, 2022 is as follows:

			Direct Borre		
	Bor	nds	Direct Pla	acements	
	Principal	Interest	Principal	Interest	Totals

Total	\$ 7,268,816	\$_	405,246	\$	(153,923)	\$ 7,520,139	_\$_	509,819

Notes to Basic Financial Statements (Continued)

6. Other Long-Term Liabilities (Continued)

The Schools use the General Purpose School Fund to liquidate the liability for compensated absences and termination benefits payable for governmental activities. The State of Tennessee makes on-behalf payments for the other postemployment benefit (OPEB) obligation as described in Note 16. Compensated absences are considered a current liability due to prior years' experience of paying these amounts within one year. Other postemployment benefit obligations and termination benefits are described in Note 15 and Note 17, respectively.

7. Fund Balances

The amounts reported on the balance sheets of the governmental funds as non-spendable, restricted and committed as of June 30, 2022 consists of the following:

Governmental Funds		Fund Balances						
		-Spendable	Restricted	Committed				
General Purpose School Fund School Federal Projects	\$	5,400	\$ 1,426,168 -	\$ 3,095,586				
Other Education Special Revenue Fund Extended School Program Fund		<u>.</u>	26,611 -	- 147,838				
Central Cafeteria Fund Internal School Funds		27,669 	1,898,125 1,097,819	, <u>-</u>				
Total	\$	33,069	\$4,448,723	\$ 3,243,424				

8. Net Position

Net position represents the difference between assets, liabilities and deferred inflows of resources. Net position at June 30, 2022 is as follows:

	Governmental Activities		
	Primary <u>Government</u>	Component Unit — Foundation	
Net Investment in Capital Assets:			
Net Capital Assets	\$ 75,998,162	\$ -	
Less: Related Debt – Net of Discounts, Premiums and Unspent Debt Proceeds	(79,621,132)		
	(3,622,970)		
Restricted:			
Cafeteria	1,925,794	-	
Grants and Other	26,611	837,704	
Internal School Fund	1,097,819	_	
Pension	40,724,698	_	
SRT Investment Held by TCRS	589,634	-	
Unspent Bond Proceeds	836,534		
	45,201,090	837,704	
Unrestricted (Deficit)	(13,896,633)	4,706,718	
Total	\$ 27,681,487	\$ 5,544,422	

Restricted net position for career ladder is a bonus program to incentivize school staff to attain additional education beyond their degree.

Notes to Basic Financial Statements (Continued)

9. Local Taxes

In accordance with various state laws, the Schools receive a pro-rata share of property taxes, local option sales taxes, mineral severance taxes and mixed drink taxes from Anderson and Roane counties. These local taxes are divided between Oak Ridge Schools and the respective county schools based upon the annual weighted-average daily attendance.

The counties assess the property values, set the tax rate, bill and collect the taxes. County property taxes are based upon assessments on January 1, levied on October 1 and becoming delinquent the following March 1. Penalties and interest on delinquent property taxes are recognized when collected.

The local option sales tax, mineral severance tax and mixed drink tax are collected by the Tennessee Department of Revenue and remitted to the counties and then remitted to the Schools.

The Schools recognized the following local tax revenues in the General Purpose School Fund during the year ended June 30, 2022:

	Amount	% of Revenues
Property Taxes	\$12,607,917	26.89%
Local Option Sales and Mineral Severance Taxes Mixed Drink Taxes	8,714,780 318	18.59% 0.00%
Total	\$21,323,015	45.48%

10. Interfund Receivables, Payables and Transfers

Interfund Receivables and Payables

A detailed listing of interfund receivables and payables at June 30, 2022 is as follows:

Due From	Due To	Amount
Governmental Activities:		
School Federal Projects Fund General Purpose School Fund General Purpose School Fund General Purpose School Fund	General Purpose School Fund Cafeteria Other Education Special Revenue Extended School Program	\$ 1,434,333 695,055 4,683 150,816
Governmental Activities Total		\$ 2,284,887

In the fund financial statements, interfund receivables and payables from short-term borrowings between the funds is primarily due to federal grant activity and are classified as "due to/from other funds." The governmental activities amounts are eliminated in the departmental-wide statement of net position.

Transfers

Transfers between the individual funds and the City of Oak Ridge during the year ended June 30, 2022 were as follows:

Transfers In Transfers Out		Amount
Governmental Activities:		
General Purpose School Fund	City's General Fund	\$22,959,335
General Purpose School Fund	Schools Federal Projects Fund	321,929
Other Education Special Revenue Fund	General Purpose School Fund	73,998
General Purpose School Fund	Extended School Program	10,000
City of Oak Ridge	General Purpose School Fund	(707,205)

Notes to Basic Financial Statements (Continued)

10. Interfund Receivables, Payables and Transfers (Continued)

Transfers (Continued)

The City provides an annual operating transfer from its General Fund to the Schools' General Purpose School Fund. The net transfer of \$22,252,130 during the year ended June 30, 2022 was 17.23% of total revenues and other sources. The transfer of \$321,929 from the Schools Federal Projects Fund is for indirect costs. The transfer of \$73,998 to the Other Education Special Revenue Fund is considered the Schools' local match for the Family Resource Program grant. The transfer of \$10,000 from the Extended School Program is for indirect costs.

In order to account for certain capital outlays, debt issuance and debt service payments for school related projects made by the City during the current year, the following transfers were recorded:

Transfers In	Transfers Out	 Amount	Purpose
Governmental Activities:			
City Debt Service Fund	General Purpose School Fund	\$ 5,520,000	Debt Issuance
City Debt Service Fund	General Purpose School Fund	\$ 463,766	Debt Issuance
General Purpose School Fund	City Debt Service Fund	\$ (46,513)	Cost of Issuance
General Purpose School Fund	City Debt Service Fund	\$ (37, 253)	Underwriter's Discount
General Purpose School Fund	City Debt Service Fund	\$ 7,285,286	Debt Service

During 2022, the Foundation made a \$0 payment to the City to fund school related debt.

11. Budget Amendments

The Schools amended the budgeted expenditures and transfers for the year ended June 30, 2022 as follows:

Governmental Fund Original Budget		Final Budget
\$ 61,495,429	\$ 402,426	\$ 61,897,855
11,966,732	4,392,960	16,359,692
226,395	6,791	233,186
352,340	-	352,340
2,578,498	100,000	2,678,498
	\$ 61,495,429 11,966,732 226,395 352,340	\$ 61,495,429 \$ 402,426 11,966,732 4,392,960 226,395 6,791 352,340 -

The additional appropriations were approved by the Board of Education and City Council as required.

12. Risk Management

Oak Ridge Schools is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Schools' loss exposure for general liability and worker's compensation is limited by state law.

The Schools maintain general liability, auto liability, auto physical damage, errors and omissions, and worker's compensation insurance through the Tennessee Risk Management Trust ("TNRMT"), a public entity risk pool operated as a risk-sharing program by the Tennessee School Board Association ("TSBA"). This pool is sustained by member premiums and because the pool has excess aggregate and individual claim loss reinsurance coverage, management considers any related credit risk to be insignificant.

The Schools continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System

Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS

Plan description. The Tennessee Consolidated Retirement System (TCRS) was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Teachers employed by Oak Ridge City Schools with membership in the TCRS before July 1,2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees.

The Teacher Retirement Plan became effective July 1, 2014 for teachers employed by Local Education Agencies (LEA) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire with unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as service retirement benefits but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5 percent of salary. The LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept state shared taxes of the sponsoring governmental entity of the LEA if required employer contributions are not remitted. Employer contributions by Oak Ridge Schools for the year ended June 30, 2022 to the Teacher Retirement Plan were \$111,413 which is 1.13 percent of covered payroll. In addition, employer contributions of \$96,080, which is 2.87 percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by the members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS (Continued)

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pension

Pension liabilities (assets). At June 30, 2022, Oak Ridge Schools reported a liability (asset) of (\$324,548) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2021, and the total pension asset used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. Oak Ridge Schools' proportion of the net pension liability (asset) was based on Oak Ridge Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, Oak Ridge Schools' proportion was 0.299617 percent. The proportion measured as of June 30, 2020 was 0.290066 percent.

Pension Expense (negative pension expense). For the year ended June 30, 2022, Oak Ridge Schools recognized pension expense (negative pension expense) of \$37,347.

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2022, Oak Ridge Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	5,646	\$	59,386
Net difference between projected and actual earnings on pension plan investments		-		186,819
Change in assumptions		117,062		-
Changes in proportion of Net Pension Liability (Asset)		6,844		29,583
LEA's contributions subsequent to the measurement date of June 30, 2021		111,413		n/a
Total	\$	240,965	\$	275,788

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS (Continued)

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pension (Continued)

Oak Ridge Schools' employer contributions of \$111,413 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction of net pension liability (asset) in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Total
Year Ended June 30:	
2023	\$ (43,100)
2024	(42,077)
2025	(41,786)
2026	(46,487)
2027	3,342
Thereafter	23,872

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Actuarial assumptions. The total pension liability as of June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary increases Graded salary ranges from 8.72 to 3.44 percent based on

age, including inflation, averaging 4.00 percent

Investment rate of return 6.75 percent, net of pension plan investment expenses,

including inflation

Cost-of-Living Adjustment 2.125 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Hybrid Retirement Plan of TCRS (Continued)

Actuarial assumptions (continued)

inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share net pension liability (asset) to changes in the discount rate. The following presents Oak Ridge City Schools' proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what Oak Ridge City Schools' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75 percent) or 1-percentage-point higher (7.75 percent) than the current rate:

Payable to the Pension Plan

At June 30, 2022, Oak Ridge Schools reported a payable of \$15,774 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2022.

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS

Plan description. The Tennessee Consolidated Retirement System (TCRS) was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Teacher employed by Oak Ridge City Schools with membership in the TCRS before July 1,2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees.

The Teacher Retirement Plan became effective July 1, 2014 for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs)

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS (Continued)

Benefits provided. (Continued)

after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Oak Ridge Schools for the year ended June 30, 2022 to the Teacher Legacy Pension Plan were \$2,688,853 which is 8.69 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2022, the Oak Ridge Schools reported a liability (asset) of (\$34,458,664) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. Oak Ridge Schools' proportion of the net pension liability was based on Oak Ridge Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, Oak Ridge Schools' proportion was 0.798904 percent. The proportion measured as of June 30, 2020 was 0.769546 percent.

Pension expense (negative pension expense). For the year ended June 30, 2022, Oak Ridge Schools recognized a pension expense (negative pension expense) of (\$5,405,957).

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2022, Oak Ridge Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS (Continued)

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred outflows of resources and deferred inflows of resources. (Continued)

	Deferred Outflows of Resources		Outflows of		_	Deferred Inflows of Resources
Differences between expected and actual experience	\$	115,800	\$	2,873,964		
Changes in assumptions		9,206,779		-		
Net difference between projected and actual earnings on pension plan investments		-		27,480,015		
Changes in proportion of Net Pension Liability (Asset)		13,545		180,545		
LEA's contributions subsequent to the measurement date of June 30, 2021		2,688,853		n/a		
Total	\$	12,024,977	\$	30,534,524		

Oak Ridge Schools' employer contributions of \$2,688,853, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as a reduction in net pension liability (asset) in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2023	\$ (5,048,508)
2024	(4,802,145)
2025	(3,931,684)
2026	(7,416,063)
2027	-
Thereafter	-

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS (Continued)

Actuarial assumptions. The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation

2.25 percent

Salary increases

Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent

Investment rate of return

6.75 percent, net of pension plan investment expenses, including inflation

Cost-of Living Adjustment

2.125 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the three factors described above.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge City Schools Teacher Legacy Pension Plan of TCRS (Continued)

Discount rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate. The following presents Oak Ridge Schools' proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what Oak Ridge Schools' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75 percent) or 1-percentage-point higher (7.75 percent) than the current rate:

	19	% Decrease (5.75%)	rrent Discount Rate (6.75%)	 % Increase (7.75%)
Oak Ridge Schools' proportionate share of the net pension liability (asset)	\$	(6,132,483)	\$ (34,458,664)	\$ (58,031,698)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2022, Oak Ridge Schools reported a payable of \$154,885 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2022.

Oak Ridge Schools Non-Teacher Hybrid With Cost Controls

General Information about the Pension Plan

Plan description. Employees of Oak Ridge Board of Education Hybrid With Cost Controls are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plan of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Benefits provided. Tennessee Code Annotated, Title 8, Chapters 34-37, establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge Schools Non-Teacher Hybrid With Cost Controls (Continued)

General Information about the Pension Plan (Continued)

Benefits provided. (Continued)

Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 60 and vested or pursuant to the rule of 80 in which the member's age and service credit total 80. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Employees covered by benefit terms. At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled to but not yet receiving benefits	51
Active employees	<u>103</u>
Total employees	<u> 154</u>

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Employees contribute 5 percent of salary. Oak Ridge Board of Education Hybrid With Cost Controls makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees is reached. By law, employer contributions are required to be paid. The TCRS may intercept Oak Ridge Board of Education Hybrid With Cost Controls' state shared taxes if required employer contributions are not remitted. Employer contributions by Oak Ridge Board of Education Hybrid With Cost Controls for the year ended June 30, 2022 to the Public Employee Retirement Plan were \$75,989 based on a rate of 1.99 percent of covered payroll. In addition, employer contributions of \$68,521, which is 2.03 percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge Schools Non-Teacher Hybrid With Cost Controls (Continued)

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). Oak Ridge Board of Education Hybrid With Cost Controls' net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation

2.25 percent

Salary increases

Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent

Investment rate of return

6.75 percent, net of pension plan investment expenses,

including inflation

Cost-of Living Adjustment 2.125 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

Changes of assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.50 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on blending of the three factors described above.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge Schools Non-Teacher Hybrid With Cost Controls (Continued)

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Discount rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the Oak Ridge Board of Education Hybrid With Cost Controls will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Payable to the Pension Plan

At June 30, 2022, Oak Ridge Board of Education Hybrid With Cost Controls reported a payable of \$293 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2022.

Oak Ridge Schools Non-Teacher Legacy Plan

Plan description. Employees of Oak Ridge Schools are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37, establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees covered by benefit terms. At the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	235
Inactive employees entitled to but not yet receiving benefits	187
Active employees	<u>109</u>
Total Employees	<u>531</u>

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge Schools Non-Teacher Legacy Plan (Continued)

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Oak Ridge Schools makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2022, the employer contributions for Oak Ridge Schools were \$305,182 based on a rate of 6.89 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Oak Ridge Schools' state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Oak Ridge Schools' net pension liability (asset) was measured as of June 30, 2021, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary increases Graded salary ranges from 8.72 to 3.44 percent based on

age, including inflation, averaging 4.00 percent

Investment rate of return 6.75 percent, net of pension plan investment expenses,

including inflation

Cost-of Living Adjustment 2.125 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

Notes to Basic Financial Statements (Continued)

13. Public Employee Retirement System (Continued)

Oak Ridge Schools Non-Teacher Legacy Plan (Continued)

Net Pension Liability (Asset) (Continued)

Changes of Assumption. In 2021, the following assumptions were changed: decreased inflation rate from 2.50 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Oak Ridge Schools will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2022, Oak Ridge Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 38,447	\$ 74,811
Net difference between projected and actual earnings on pension plan investments	-	4,536,394
Changes in Assumption	1,048,432	
Contributions subsequent to the measurement date of June 30, 2021	305,182	n/a
Total	\$ 1,392,061	\$ 4,611,205

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2021," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2023	\$ (680,903)
2024	(544,019)
2025	(1,075,234)
2026	(1,224,170)
2027	-
Thereafter	•

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

At June 30, 2022, Oak Ridge Schools reported a payable of \$348 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2022.

Notes to Basic Financial Statements (Continued)

14. Defined Contribution Plan

The School contributes to the Higher Education and Teacher Hybrid Plan, a defined contribution pension plan under section 401(k) of the Internal Revenue Code, for teachers with membership in the Tennessee Consolidated Retirement System after June 30, 2014. The Higher Education and Teacher Hybrid Plan is a component of the defined benefit plan reported in Note 13. Benefit terms, including contribution requirements, for the Higher Education and Teacher Hybrid Plan are established by Tennessee Code Annotated Title 8, Chapters 34-37 and may be amended by the Tennessee General Assembly. For each employee in the pension plan the School is required to contribute 5% of annual salary to an individual employee account. Employee contributions vary based on individual selection. For the year ended June 30, 2022, the School System recognized \$468,478. Employees are immediately vested on all contributions and earnings on those contributions.

The School reported no payable for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2022.

15. Other Postemployment Benefits (OPEB)

Oak Ridge Schools Teacher Group Plan

Plan Description. Employees of Oak Ridge Schools, who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Teacher Group OPEB Plan (TGOP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a multiple-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). However, for accounting purposes, this plan will be treated as a single-employer plan. All eligible pre-65 retired teachers, support staff and disability participants of local education agencies, who choose coverage, participate in the TGOP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits provided. Oak Ridge Schools offers the TGOP to provide health insurance coverage to eligible pre-65 retired teachers, support staff and disabled participants of local education agencies. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-301 establishes and amends the benefit terms of the TGOP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members, of the TGOP, receives the same plan benefits as active employees, at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. The Schools pay 85% of the retirees' individual health insurance premium for five years or until the retirees reach age 65. The state, as a governmental nonemployer contributing entity, provides a direct subsidy for eligible retirees' premiums, based on years of service. Therefore, retirees with 30 or more years of services will receive 45%; 20 but less than 30 years, 35%; and less than 20 years, 20% of the scheduled premium. No subsidy is provided for enrollees of the health savings CDHP. The TGOP is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Notes to Basic Financial Statements (Continued)

15. Other Postemployment Benefits (OPEB) (Continued)

Oak Ridge Schools Teacher Group Plan (Continued)

Employees covered by benefit terms. At July 1, 2021, the following employees of Oak Ridge Schools were covered by the benefit terms of the TGOP:

Inactive employees currently receiving benefit payments	23
Inactive employees entitled to but not yet receiving benefit payments	1
Active employees	<u>455</u>
	479

An insurance committee, created in accordance with TCA 8-27-301, establishes the required payments to the TGOP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, Oak Ridge Schools paid \$193,629 to the TGOP for OPEB benefits as they came due.

Total OPEB Liability

Actuarial assumptions. The collective total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25 percent
Salary increases	Graded salary ranges from 3.44 to 8.72 percent based on age, including inflation, averaging 4.00 percent
Healthcare cost trend rates	7.36% for pre-65 in 2021, decreasing annually over a 7 year period to an ultimate rate of 4.50%. 7.32% for post-65 in 2021, decreasing annually over an 8 year period to an ultimate rate of 4.50%
Retiree's share of benefit-related costs	Members are required to make monthly contributions in order to maintain their coverage. For the purpose of this Valuation a weighted average has been used with weights derived from

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2021, valuations were the same as those employed in the July 1, 2020 Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The pre-retirement

the current distribution of members among plans offered.

mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted Employee mortality table for Teacher Employees projected generationally with MP-2020 from 2010. Post-retirement tables are Headcount-weighted Teacher Below Median Healthy Annuitant and adjusted with 19% load for males and an 18% load for females, projected generationally from 2010 with MP-2020. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load, projected generationally from 2018 with MP-2020.

Discount rate. The discount rate used to measure the total OPEB liability was 2.16 percent. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds, prevailing on the measurement date, with an average rating of AA/Aa as shown on the Bond Buyer 20-year Municipal GO AA index.

Changes in Collective Total OPEB Liability

	Total OPEB Liability
Balances at June 30, 2020	\$ 8,699,697
Changes for the year:	
Service cost Interest Changes of benefit terms Differences between expected and actual experience Change in assumptions	500,110 199,980 - 340,038 159,383
Benefit payments	(303,500)
Net changes	896,011
Balances at June 30, 2021	\$ 9,595,708
Nonemployer contributing entities proportionate share of the collective total OPEB liability	\$ 3,057,741
Employer's proportionate share of the collective total OPEB liability	\$ 6,537,967
Employer's proportion of the collective total OPEB	68.13%

Oak Ridge Schools has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the TGOP. Oak Ridge Schools proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The proportion changed -3.71% from the prior measurement date. Oak Ridge Schools recognized \$277,674 in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the TGOP for Oak Ridge Schools retirees.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

OPEB expense. For the fiscal year ended June 30, 2022, Oak Ridge Schools recognized OPEB expense of \$734,611.

Notes to Basic Financial Statements (Continued)

15. Other Postemployment Benefits (OPEB) (Continued)

Oak Ridge Schools Teacher Group Plan (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Deferred outflows of resources and deferred inflows of resources. For the fiscal year ended June 30, 2022, Oak Ridge Schools reported deferred outflows of resources and deferred inflows of resources related to OPEB benefits in the TGOP from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,107,250	\$ 1,109,768
Changes of assumptions and other inputs	709,312	418,970
Changes in proportion	123,498	435,250
Employer payments subsequent to the measurement date of June 30, 2021	193,629	N/A
Total	\$ 2,133,689	\$ 1,963,988

The amounts shown above for "Employer payments subsequent to the measurement date" will be included as a reduction to total OPEB liability in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ended June 30:	
2023	\$ (20,064)
2024	(20,064)
2025	(20,064)
2026	(20,064)
2027	(9,739)
Thereafter	66,067

In the table above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Notes to Basic Financial Statements (Continued)

15. Other Postemployment Benefits (OPEB) (Continued)

Oak Ridge Schools The Tennessee Plan

Plan Description. Employees of Oak Ridge Schools, who were hired prior to July 1, 2015, are provided with post-65 retiree health insurance benefits through the closed The Tennessee Plan (TNP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a multiple-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). However, for accounting purposes, this plan will be treated as a single-employer plan. All eligible post-65 retired teachers and disability participants of local education agencies, who choose coverage, participate in the TNP. The TNP also includes eligible retirees of the state, certain component units of the state, and certain local government entities. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits provided. The State offers the TNP to help fill most of the coverage gaps created by Medicare for eligible post-65 retired teachers and disabled participants of local education agencies. Insurance coverage is the only postemployment benefit provided to retirees. The TNP does not include pharmacy. In accordance with TCA 8-27-209, benefits of the TNP are established and amended by cooperation of insurance committees created by TCAs 8-27-201, and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receives a benefit from the Tennessee Consolidated Retirement System may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree The Schools pay 85% of the retirees' individual health insurance premium for five years or until the retirees reach age 65. The state, as a governmental nonemployer contributing entity contributes to the premiums of eligible retirees of local education agencies based on years of service. Therefore, retirees with 30 years of services will receive \$50 per month; 20 but less than 30 years, \$37.50 per month; and 15 but less than 20 years, \$25. The TNP is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Employees covered by benefit terms. At June 30, 2021, the following employees of Oak Ridge Schools were covered by the benefit terms of the TNP:

Inactive employees currently receiving benefit payments	163
Inactive employees entitled to but not yet receiving benefit payments	41
Active employees	_369
	<u>573</u>

In accordance with TCA 8-27-209, the state insurance committee established by TCAs 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, Oak Ridge Schools paid \$0 to the TNP for OPEB benefits as they came due.

Notes to Basic Financial Statements (Continued)

15. Other Postemployment Benefits (OPEB) (Continued)

Oak Ridge Schools The Tennessee Plan (Continued)

Total OPEB Liability

Actuarial assumptions. The collective total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.25 percent

Salary increases Graded salary ranges from 3.44 to 8.72 percent based on

age, including inflation, averaging 4.00 percent

Healthcare cost trend rates 7.32% in 2021, decreasing annually over an 8 year period to

an ultimate rate of 4.50%.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2021 valuations were the same as those employed in the July 1, 2020 Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 – June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the headcount-weighted below median teachers PUB-2010 Healthy Participant Mortality Table for Annuitants for non-disabled post-retirement mortality, with mortality improvement projected to all future years using Scale MP-2020. Post-retirement tables are adjusted with a 19% load for males and a 18% load for females. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load with mortality improvement projected to all future years using Scale MP-2020.

Discount rate. The discount rate used to measure the total OPEB liability was 2.16 percent. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds, prevailing on the measurement date, with an average rating of AA/Aa as shown on the Bond Buyer 20-year Municipal GO AA index.

15. Other Postemployment Benefits (OPEB) (Continued)

Oak Ridge Schools The Tennessee Plan (Continued)

Changes in Collective Total OPEB Liability (Continued)

Oak Ridge Schools has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the TNP. Oak Ridge Schools proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit paid through the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The proportion changed 0.00% from the prior measurement date. Oak Ridge Schools recognized \$82,240 in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the TNP for Oak Ridge Schools retirees.

Changes of assumptions. The discount rate was changed from 2.21% as of the beginning of the measurement period to 2.16% as of June 20, 2021. This change in assumption increased the total OPEB liability.

16. On-Behalf Payments

The State of Tennessee made the following on-behalf payments during the year ended June 30, 2022:

Teacher Group Insurance Plan – The State of Tennessee makes a contribution (on-behalf payment) for retired teachers who participate in the State-administered Teacher Group Insurance Plan through TCRS as described in Note 16. The on-behalf payment for 2022 was \$290,373 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

The Tennessee Plan – The State of Tennessee makes a contribution (on-behalf payment) for retired teachers who participate in The Tennessee Plan for the Local Employer as described in Note 16. The onbehalf payment for 2022 was \$79,388 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

17. Termination Benefits

The Schools provide voluntary termination benefits for professional employees who agree to retire before age 65. For employees who retire at age 60 or after 30 years of creditable service in TCRS with at least 10 years of service with the Schools, the Schools pay 85% of the retirees' individual health insurance premiums for five years or until the retirees reach age 65. The Schools fund their contributions on a pay-as-you-go basis. During 2022, the Schools paid approximately \$87,245 to 23 retirees, which has been recorded as an expenditure in the General Purpose School Fund.

The estimated liability and expense of the termination benefits reported in the Schools' departmental-wide financial statements is \$587,435. Termination benefits are measured at the discounted present value of expected future benefit payments. The Schools used a discount rate of 2.40% and a projected annual healthcare cost trend rate of 3.60% to estimate the effect of making these payments over a five-year period.

Notes to Basic Financial Statements (Continued)

18. Economic Concentration

A significant number of taxpayers in the City of Oak Ridge are employed by the U.S. Department of Energy (DOE) or their contractors. DOE and related federal government contractors' operations are contingent upon annual U.S. congressional appropriations; therefore, a reduction in DOE related operations could have a significant effect upon the future operations of the Oak Ridge Schools.

The Schools receive annual funding from the State of Tennessee, City of Oak Ridge and Anderson and Roane Counties. The amount of revenue and other financing sources earned in the year ended June 30, 2022 in the General Purpose School Fund financial statements are as follows:

Source	 Amount	% of Revenues
State of Tennessee	\$ 24,955,944	32.91%
City of Oak Ridge	28,943,101	38.17%
Anderson and Roane Counties	21,323,015	28.12%
Other	 607,339	0.80%
Total	\$ 75,829,399	100.00%

Any reduction in funding from these sources could have a significant effect upon the future operations of the Schools.

19. Excess of Expenditures Over Appropriations

As required by the Tennessee Comptroller of the Treasury, Division of Local Governmental Audit, the Schools have prepared GASB Statement No. 34 departmental-wide financial statements for the fiscal year ended June 30, 2022. As a result during 2022, the General Purpose School Fund expenditures exceeded appropriations by \$10,314,651. This was due in part to the debt issuance and capital project activities done at the City on the school's behalf.

20. Contingencies

Loss contingencies are existing conditions, situations, or set of circumstances involving uncertainty as to possible loss. The uncertainty will ultimately be resolved when one or more future events occur or fail to occur. The reporting of loss contingencies depends on the likelihood that a future event or events will confirm the incurrence of a liability. Terms used to assess the range for the likelihood of loss are Probable, Reasonably Possible, and Remote. Loss contingencies that are assessed as probable and measurable are accrued in the financial statements. Loss contingencies that are assessed to be at least reasonably possible are disclosed in this note and loss contingencies that are assessed as remote are not reported in the financial statements, nor disclosed in the notes. The following table provides criteria for how the Board accounts for loss contingencies, based on the likelihood of the loss and measurability.

Notes to Basic Financial Statements (Continued)

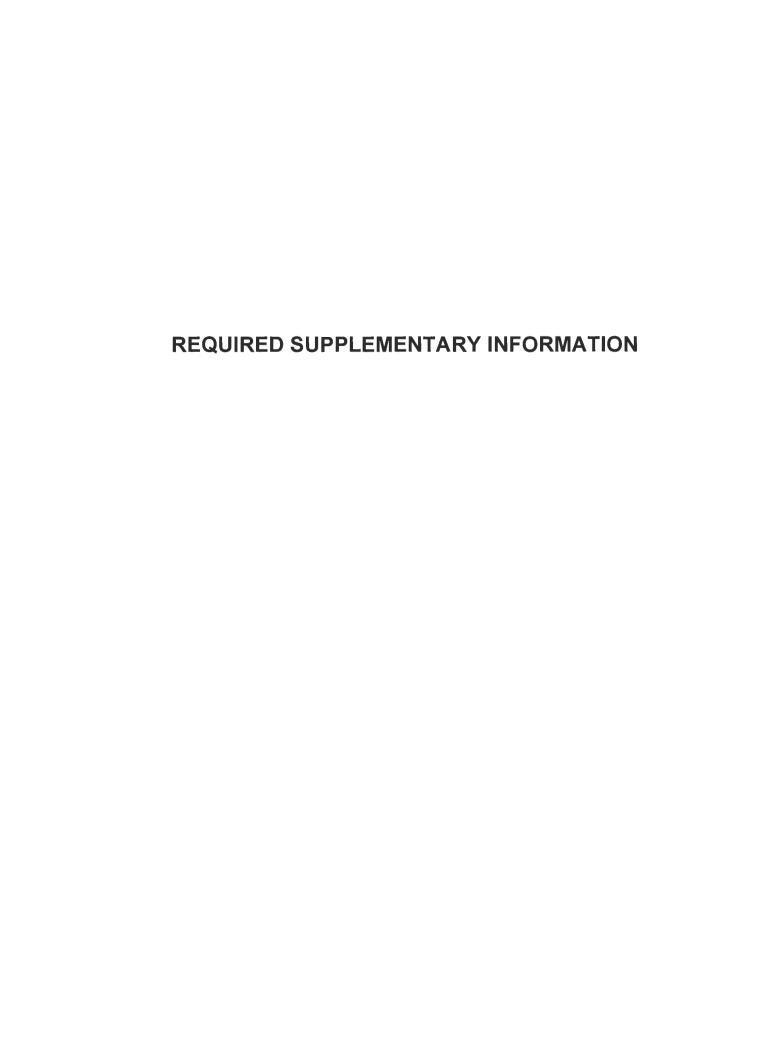

20. Contingencies (Continued)

Likelihood of future outflow or other	Loss amount can be reasonably measured	Loss range can be reasonably measured	Loss amount or range cannot be reasonably
sacrifice of resources	Todoonably modourod	Tousding moudal ou	measured
Probable Future confirming event(s) are more likely to occur than not.	Accrue the liability. Report on Balance Sheet and Statement of Net Cost.	Accrue liability of the best estimate or (if there is no best estimate) minimum amount in loss range, and disclose nature of contingency and range of estimate liability.	Disclose nature of contingency and include a statement that an estimate cannot be made.
Reasonably possible Possibility of future confirming event(s) occurring is more than remote and less than likely.	Disclose nature of contingency and estimated loss amount.	Disclose nature of contingency and estimated loss range.	Disclose nature of contingency and include a statement that an estimate cannot be made.
Remote possibility of future event(s) occurring is slight.	No disclosure.	No disclosure.	No disclosure.

The Board did not have any contingencies that are considered reasonably possible to occur based on management's review of the financial accounting disclosure criteria above.

21. Subsequent Events

Subsequent events were evaluated through December 8, 2022, which is the date the financial statements were available to be issued.

Schedule of Changes in the Net Pension Liability (Asset) and Related Ratios Based on Participation in the Legacy Employee Pension Plan of TCRS

Last Measurement Period Ending June 30

Notes to Schedule

Valuation date: Actuarially determined contribution rates for 2022 were calculated based on the June 30, 2019 actuarial valuation.

Methods and assumptions used to determine contribution rates:

Amortization method Level dollar, closed (not to exceed 20 years)

Remaining amortization period Varies by year

Asset valuation 10-year smoothed within a 20 percent corridor to market value

Inflation 2.50 percent

Salary increases Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent

Investment Rate of Return 7.25 percent, net of investment expense, including inflation Retirement age Pattern of retirement determined by experience study

Mortality Customized table based on actual experience including an adjustment for some anticipated improvement

Cost of Living Adjustments 2.25 percent

Changes of assumptions: In 2017, the following assumptions were changed: decreased inflation rate from 3.00 percent to 2.50 percent; decreased the investment rate of return from 7.50 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.50 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4.00 percent; and modified mortality assumptions.

Employer's total OPEB liability as a percentage of covered payroll	28.73%	20.93%	18.09%	21.35%	21.49%

Notes:

- Note 1: GASB 68 requires a 10-year schedule for this data to be presented starting with the implementation of GASB 68. The information in this schedule is not required to be presented retroactively prior to the implementation date. Please refer to previously supplied data from the TCRS GASB website for prior years' data, if needed.
- Note 2: The amounts reported for each fiscal year were determined as of the prior fiscal year.
- Note 3: There are no assets accumulating in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 related to this OPEB Plan.
- Note 4: Changes in assumptions. The following are the discount rates used in each period:

2017 - 3.56%

2018 - 3.62%

2019 - 3.51%

2020 - 2.21%

2021 - 2.16%

Notes to Schedule of Expenditures of Federal and State Awards

Year Ended June 30, 2022

Note A - Basis of	f Presentation	

The accompanying schedule of federal and state awards (the Schedule) includes federal and state award activity of Oak Ridge Schools under programs of the federal and state governments for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Oak Ridge Schools, it is not intended to and does not present the financial position, changes in net position, or cash flows of Oak Ridge Schools.

Note B – Summary of Significant Accounting Policies

- (1) Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A87, Cost Principles for State, Local, and Indian Tribal Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Oak Ridge Schools has elected to use an indirect cost rate of 6.0% for the following programs, as allowed under the Uniform Guidance:
 - a. TNSySTEMS
 - b. Title I
 - c. Title II
 - d. Title III
 - e. Title IV
 - f. Title IV 21st Century
 - g. Carl Perkins ACT
 - h. IDEA Discretionary
 - i. IDEA B
 - j. IDEA ARP
 - k. IDEA Preschool
 - I. ESSER
- (3) Oak Ridge Schools used a maximum allowed indirect cost rate of 4% for the Innovative High School program.
- (4) Oak Ridge Schools used a maximum allowed indirect cost rate of 5% for the CRESO program.

2014	2.39	2.35	1.97
2013	2.39	2.35	1.97

Notes: The City of Oak Ridge is located in two Tennessee Counties: Anderson and Roane.

Overlapping rates are those of county governments that apply to property owners within the City of Oak Ridge. Approximately 16.3% of the taxable parcels (2,161 of 13,279) are located in the Roane County portion of the City.

The City's basic property tax rate may be increased only by a majority vote of the Oak Ridge City Council.

The City's base tax rate is the total direct rate.

(1) Each governmental unit operates under different property tax assessment rolls which were certified at the time of their most recent reappraisal programs (Oak Ridge, Anderson County and Roane County - 2015 (fiscal year 2016) and 2020 (fiscal year 2021)).

Notes: (1) Collections in subsequent years include amounts collected by the Trustee's Office after June 30 of each year and amounts collected by the Clerk and Master in Chancery Court.

⁽²⁾ Source is the Anderson County, Tennessee Finance Department.

⁽³⁾ On September 20, 2004, City Council authorized the Anderson County Delinquent Tax Attorney to collect City of Oak Ridge delinquent real property taxes in consolidation with the collection of Anderson County delinquent taxes. As real property becomes eligible for a delinquent property tax sale under Tennessee State law, the City is turning those delinquencies over to the Anderson County Delinquent Tax Attorney for collection.

⁽⁴⁾ Roane County information is not available.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Oak Ridge Schools Oak Ridge, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Oak Ridge Schools (the Schools), Oak Ridge, Tennessee, a special revenue fund of the City of Oak Ridge, Tennessee, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements, and have issued our report thereon dated December 8, 2022. Our report includes a reference to other auditors who audited the financial statements of the Oak Ridge Public Schools Education Foundation, Inc. (the Foundation), a discretely presented component unit, as described in our report on the Schools' financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Schools' internal control over financial reporting (internal control) as basis for designing to audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of the Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education Oak Ridge Schools Oak Ridge, Tennessee

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Oak Ridge Schools (the Schools), Oak Ridge, Tennessee's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Schools' major federal programs for the year ended June 30, 2022. The Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of

		1	
	ш		_

laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Schools' federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the Schools' compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the Schools' internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the Schools' internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charges with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be a material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be

material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
